Observation details

5. Please describe the grounds of your observation (planning reasons and arguments). You can type or write them in the space below or you can attach them separately.

Our enjoyment of our home and garden has been severely impacted since the opening of the North Runway. Everyone expected something different in terms of flightpaths based on the 2007 planning permission and what has happened is completely different.

The current operation is causing huge distress and disturbance for tens of thousands of people not to mention the negative health effects and illnesses which can be attributed to excessive aircraft noise.

The prospect of granting further changes to increase the day hours and night flights seems ludicrous when there is a major noise issue already in place.

An oral hearing is absolutely necessary given the gravity of the situation.

Supporting materials

6. If you wish, you can include supporting materials with your observation.

Supporting materials include:

- photographs,
- plans,
- surveys,
- drawings,
- digital videos or DVDs,
- technical guidance, or
- other supporting materials.

Fee

7. You **must** make sure that the correct **fee** is included with your observation. You can find out the correct fee to include in our [Fees and Charges Guide](#) on our website.
