Attention: An Bord Pleanála case 314485

We object to the not-permitted use of the North Runway. Over the last few months we have been unable sleep on numerous occasions. This happens when the north runway is used for night landings, the planes are right overhead and extremely load. We have a zinc roof and we can feel it vibrating.

We are a elderly couple and have lived here for 25 years and we are going to be forced out of our home if this continues, we did not buy a house under a flight path and never would have.

The combined noise and vibration is nerve racking and frightening.
