## Observation details

5. Please describe the grounds of your observation (planning reasons and arguments). You can type or write them in the space below or you can attach them separately.

Since the opening of the North Runway my health has been negatively impacted. I am an elderly gentleman living in a community residential setting. I have recently been in hospital and on discharge I find myself unable to rest adequately and thus my health is suffering. My cohabittees are in a similar position in that they too require day time rest. We simply cannot exist much longer in this type of environment. We kindly ask An Bord Pleanála to refuse a noise quota system, to refuse an extension of operational hours but most importantly ensure correct routing of planes as per the original planning. I am aware a community group has reviewed the matter in great detail and I sincerely hope that document will be carefully assessed.

## Supporting materials

6. If you wish, you can include supporting materials with your observation.

Supporting materials include:

- photographs,

- other supporting materials.

## Fee

7. You **must** make sure that the correct **fee** is included with your observation. You can find out the correct fee to include in our [Fees and Charges Guide](#) on our website.
