Observation details

5. Please describe the grounds of your observation (planning reasons and arguments). You can type or write them in the space below or you can attach them separately.

Since the opening of the North Runway at Dublin Airport we are two of more than 30,000 people living under DAA's illegal flightpath. The flightpaths in the 2007 planning permission are completely different to the ones being used since the opening of the new runway, resulting in constant flights directly over our home. Because of the intolerable noise from these constant aircraft our enjoyment of our home and garden has been severely impacted. The current operation of these illegal flightpaths is causing huge distress and disturbance to tens of thousands of people as things stand – yet DAA intend to increase the day hours and night flights when there is such a major noise issue already in place.

An oral hearing is absolutely necessary given the gravity of the situation.

6. If you wish, you can include supporting materials with your observation.

Supporting materials include:

- photographs,
- plans,
- surveys,

Fee
