Observation details

5. Please describe the grounds of your observation (planning reasons and arguments). You can type or write them in the space below or you can attach them separately.

We are living under an illegal flightpath since the opening of the North Runway. The flightpaths in the 2007 planning permission are much different to the ones in use today & since it opened. The noise from the current flightpaths is intolerable, its like living in the airport.

The enjoyment of our home & garden has been severely impacted since the opening of the Nth Runway. It is causing huge distress & disturbance for us & our neighbours, not to mention the negative health effects which can be attributed to excessive aircraft noise.

- * We cannot open our windows for fresh air morning or night because of aircraft noise.
- * Relaxing & working in the garden is so distressing, as the planes fly directly over our house.
- * We cannot conduct a conversation outside or inside with noise from aircraft flying every 2-3 minutes overhead.
- * Extending day hours is only going to cause more noise exposure.

- 5 Please describe the grounds of your observation (planning reasons and arguments). You can type or write them in the space below or you can attach them separately.

Section 5 continued.

- * Unlimited night flights is only going to cause more sleep disturbance for us.
- * Increasing aircraft activity in the midst of a climate crisis seems counterintuitive.
