5. Please describe the grounds of your observation (planning reasons and arguments). You can type or write them in the space below or you can attach them separately.

Myself and my Family have lived in the ward to Dublin for almost 37 yrs. we moved to the country for the peace and quiet which we enjoyed for many years. Then the North Runway opened and our quiet life was shattered, now all we get is noise from planes flying too low and too close to our house. we can no longer enjoy being out in our garden, we can't have a conversation anymore, because we can't be heard over the noise of planes coming every minute. My wife and I are 73 yrs old and our health is not as it was. The aircraft noise causes us anxiety and stress, which makes our health worse. we hoped to be able to enjoy our retirement but DAA have robbed us of that. They have even robbed us of a peaceful nights sleep with the unbearable noise from aircraft flying too close to our house. All the DAA care about is making more money. They don't

Section 5 continued.

give a damn about our health or our lives.

The noise from the current flight paths is intolerable. These flight paths must be changed back to what was proposed in 2007. No further changes can be considered until this crucial issue is addressed first. There is a major health risk to tens of thousands of people due to excessive aircraft noise. The prospect of granting further changes to increase the day hours and night flights seems ludicrous when there is a major noise issue already in place.

An oral hearing is absolutely necessary given the gravity of the situation.

We want our peace and quiet back.

Wrong way DAA.
