I am one of the thousands of families living under the illegal flight path. Originally when I bought my house after saving for years the flight path was 2km at least away.

At that time under the planning laws NO apartments or houses were allowed to be built under the said flight path for safety and health reasons.

In the last years an illegal flight path has been established with flights going in every direction.

The noise from the current illegal flights are intolerable during the day but especially at night time leading to insomnia .

The dumping of excess fuel can be smelt and tasted when I'm outside in my garden and walking around Portmarnock.

With this illegal flight path, planes fly over all our schools, both secondary and primary schools.

The above are just an example of the health and safety issues that the illegal flight plan causes. I am one of the thousands of families living under the illegal flight path.
