Observation details

5. Please describe the grounds of your observation (planning reasons and arguments). You can type or write them in the space below or you can attach them separately.

I've lived in Ashbourne since 2015 and have never been impacted by Dublin Airport. Since 2021 I have noticed a significant increase in noise from Aircraft over Ashbourne that was never an issue before. Since the opening of the second runway the noise has increased. As a person who suffers from Multiple Sclerosis, sleep is incredibly important in managing my symptoms. Fatigue and irregular sleep are symptoms that exacerbate MS and cause more brain lesions. While I understand the importance of DAA I object to night time and early morning flights. I don't have windows that block out this kind of noise. An Bord Pleanála should focus their efforts on expanding other airports on our island like Waterford airport and bring tourism and business to these areas that need it more than Dublin.

Supporting materials

6. If you wish, you can include supporting materials with your observation.

Supporting materials include:

- photographs,
- plans,
- surveys,
- drawings,
- digital videos or DVDs,
- technical guidance, or
- other supporting materials.

Fee

7. You **must** make sure that the correct [fee](#) is included with your observation. You can find out the correct fee to include in our [Fees and Charges Guide](#) on our website.
