## Observation details

5. Please describe the grounds of your observation (planning reasons and arguments). You can type or write them in the space below or you can attach them separately.

Quality of life and enjoying my home has been diminished so much that I dread being in my own home.

The planes without any warning are flying over my house, every 45 seconds to 2 minutes. No warning was given, one day this started happening. It is in complete contrast and outside of flight plans, because of this I am woken up at 5:30 every morning. My 2 year old daughter gets woken up also.

I cannot enjoy listening to nature and laughter of my child outside the house. I cannot have a BBQ or a conversation due to the noise of the planes.

There is a solution to keep planes flying and surrounding areas quiet. Multiple examples throughout other airports.

At the moment, planes are flying where they want because there are no consequences.

Whats the point of planning if they ignore it

AND do what they want.

Please make it stop, for the sake of  
my family's mental health.

Regards,

Jonathan McNally
