## Observation details

5. Please describe the grounds of your observation (planning reasons and arguments). You can type or write them in the space below or you can attach them separately.

I am currently living under an illegal flight path since the opening of the North Runway. My health is being impacted by the current situation and I must encourage ABP to refuse the current Relevant Application.

In light of COP 28 there is a growing awareness of the importance of reducing our emissions and thus I feel there will be a greater understanding of limiting flight travel as a whole for the country albeit an island nation.

Flight paths must follow planning permission and this must be addressed prior to consideration of any other feature. An oral hearing should be afforded. Indeed there were no public consultations that I was made aware of at any time in the Meath county which is simply disgraceful.

Should the matter not be remediated in the near future I will consider relocation and legal address in the matter. I support all community submissions that are being drafted against this Relevant Action.

## Supporting materials

6. If you wish, you can include supporting materials with your observation.

Supporting materials include:

- photographs,
- plans,
- surveys,
- drawings,
- digital videos or DVDs,
- technical guidance, or
- other supporting materials.
