Case no ABP-314597-22

Hi

This is my submission based on the information received from the galway council in regarding to the casual trading area in eyre sq and the bus link application We are very happy with the latest response that the council are going to leave the trading area to be the same as it has been and there is no changes to the area and also the no change to the way we have been trading with our vehicles and stalls And there is no change in the way we set up and trade our stalls We have a small concern that there will be bollards at the top of rosemary avenue and they might interfere with how we access the trading area at the Moment there is no restrictions in accessing the trading area as there is no bollards at the top of rosemary's avenue If the council could let us know what they are planning to do with rosemary avenue Overall we are delighted that the matter on relation to our issues with the trading area seems to be dealt with and we wish the council well with the scheme Many thanks for dealing with this Kieran Devaney and family
