TO WHOM IT MAY CONCERN

Further to a conversation with the Board earlier today it is our understanding that a third party appeal has been lodged against the decision made by South Dublin County Council. A copy of this appeal, it is our understanding was sent to Gilligan Architects at 20 Anglesea Road, Dublin 4 on the 22nd November. We can confirm this notification letter and copy of the third party appeal was never received.

We would therefore be grateful if this ABP notification and copy of the third party appeal could be reissued with 4 weeks allowed for a response with immediate effect. We are of the strong and considered opinion that the 4 weeks should be allowed from the new letter from the Board in the interest of justice and right of the first party to adequately respond to the grounds raised by the third party.

Many thanks in anticipation.

*Appeal to re-issue as discussed
