The submissions on this file, the Inspector's report and the response received to the Section 132 request were considered at a Board meeting held on 03/04/2025.

The Board decided to defer consideration of this case and to issue a Section 132 notice to the applicant regarding the following:

The applicant's response to the Board request, received 20th March 2025, stated:
"EdgeConneX considers that the MIC of the 48 Connection Agreement, that has been confirmed by Eirgrid, is sufficient to accommodate Proposed ECX Data Centre, in addition to the other data centres that have been permitted on the site under the permissions granted under Planning Ref. SD19A/0041 and SD21A/0042."

The Board request the applicant to provide correspondence from the system operator confirming that this statement is correct.

The applicant is advised this information may be necessary to enable the Board to make a determination.
