Appeal re: Construction of a windfarm comprising of six wind turbines, with a hub height of 85 metres and rotor diameter of 82 metres, electrical substation and control building, internal road system, borrow pits, temporary construction compound and all associated site and ground works at Coor West, Shanavogh, County Clare. The proposed output capacity is 13.8 MV. The total excavation of material is 26,500 cubic metres. No floating roads or blasting is proposed. A 10 month construction phase is envisaged. The application is accompanied by an Environmental Impact Statement.

Dear Mr. Williams,

I have been asked by the Board to refer to your email dated 9th November, 2012 regarding the above referenced appeal.

Please note that this appeal has been prioritized and every effort is being made to expedite this appeal file and it is hoped to have a decision made within the next few weeks. The Board apologises for the delay in this appeal.

Yours sincerely,

Michael Donlan

Dear Sir/Madam

As agent for the above referenced proposal could I ask for our case to be looked at as soon as possible. We have waited for a decision for an extended period at this stage and we would welcome any movement on this issue. My client has spent a large amount of his personal savings on this proposal and is under a lot of mental pressure at the moment; I would appreciate it if the Bord could expedite the decision making on this proposal please.

Kind regards

Howard Williams
