Board Memo ABP-305972-19

The Board considered the correspondence on the file from the applicant in response to the Section 132 notice issued by the Board on the 28th day of March 2022.

In the most recent letter dated 19th day of December 2022, the applicant requested an extension of time, up to and including the 31st day of October 2025, to complete surveys and to update, as appropriate, the Environmental Impact Assessment Report and the Natura Impact Statement and other associated plans and particulars for the proposed development.

The Board is satisfied that, in the particular circumstances of the appeal, that it is appropriate to grant the requested extension of time to the applicant to facilitate their response to the Section 132 notice (dated 28th day of March 2022).
