**From:** R. Forde EO

**Date:** 13<sup>th</sup> January, 2016

**Re: PL:** 04.245824

**Development Description:** Windfarm comprising 6 no. turbines and associated infrastructure in the townlands of Lackareagh,, Garranereagh, Lissarda, Barnadivance and Terelton Co. Cork.

*Noted  
Please detach Applicants  
response to Barna Wind Action  
Group - have it circulated  
on placed back on file  
when done  
D 18/1/16*

A planning permission was granted with conditions by Cork County Council in respect of the above development on the 3<sup>rd</sup> of November, 2015.

There is a current file 244439 with the Board relating to the construction of an electricity substation compound. A previous decision of the Board (219620) granted permission was 14 number turbines.

The Board received two third party appeals on the 30<sup>th</sup> of November, 2015. An EIS have been received as part of the planning application and the relevant form is attached on file. An Appropriate Assessment Report has also been received as part of the application.

The planning authority notified the following bodies of the application:

Fáilte Ireland  
An Chomhairle Ealaíon  
Commission for Communications Regulation  
Commission for Energy Regulation  
An Taisce  
The Department of Communications, Energy and Natural Resources  
Inland Fisheries  
Irish Aviation Authority  
Department of Agriculture  
Irish Water  
Heritage Council  
HSE  
RTÉ *DEPT ARTS HERITAGE + the Gaelt.*

*MA* It is not yet clear if the Development Applications Unit were directly notified of the application and it may be necessary to notify them under Article 28 of the Planning Regulations 2001. (note – Cork CC have confirmed that the DAU were notified of the application) (see email overleaf).

*MA* Mr. O'Connor.  
1. Documentation on file has been reviewed.  
memo above noted.  
2. Applicants response to appeal has been circulated. Last day for response is 8/2/15.  
3. Case now with for allocation. M. Heenan 21/1/15

The applicant has responded to the appeals by submissions dated the 6<sup>th</sup> and the 7<sup>th</sup> of January, 2016. There does not appear to be any new material issues raised and accordingly it is proposed not to circulate this submission under section 131.

There is a separate box attached to the appeal file containing EIS documentation, Appropriate Assessment Report, Environmental Management Plan, Maps and Drawings received with the application and by way of further information.

It is proposed to seek the previous related file 219620 from archive.

File herewith submitted for comments.
