Dear Sir/Madam,

Reference Number: VA06F.311528

Site Location: Lands adjacent to Huntstown Power Station, North Road, Finglas, Dublin 11

Development description: Construction of a 2 storey 220kV GIS substation known as 'Mooretown', 4 underground transmission cables and all associated and ancillary site development and construction works.

daa, Head Office, Dublin Airport, Co. Dublin, in its capacity as a statutory consultee under Article 28(1)(i) of the Planning and Development Regulations 2001 (SI No. 600 of 2001), makes the following observation with regard to the above proposed development.

#### Crane Use

The proximity of the proposal to the airport means the operation of cranes during construction may cause concerns in relation to air safety, and at a minimum, requires further detailed assessment in relation to flight procedures at Dublin Airport. daa requests that a condition is attached to any grant of permission, requiring the developer to agree any proposals for crane operations (whether mobile or tower crane) in advance of construction with daa and with the Irish Aviation Authority.

Should you have any questions or queries, please do contact us.

Yours Sincerely,

Gary Mackin  
Statutory Planner
