Re: Greater Dublin Drainage Project consisting of a new wastewater treatment plant, sludge hub centre, orbital sewer, outfall pipeline and regional biosolids storage facility
Townlands of Clonshagh, Dubber and Newtown, County Fingal and Dublin City

Dear Sir / Madam,

An Bord Pleanála has received your recent submission in relation to the above mentioned proposed development and will take it into consideration in its determination of the matter.

The Board will revert to you in due course with regard to the matter.

Please be advised that copies of all submissions / observations received in relation to the application will be made available for public inspection at the offices of Fingal County Council and at the offices of An Bord Pleanála when they have been processed by the Board.

More detailed information in relation to strategic infrastructure development can be viewed on the Board's website: www.pleanala.ie.

If you have any queries in the meantime please contact the undersigned officer of the Board. Please quote the above mentioned An Bord Pleanála reference number in any correspondence or telephone contact with the Board.

Yours faithfully,

Eimear Reilly
Executive Officer

Subject: Re: Reference No. ABP-312131-21. Project.

Dear Eimear,

As a resident of Clonshaugh I strongly object to any further applications for planning permission for the above mentioned project, on the grounds that none of the existing plants throughout Ireland operating on the same proposed system do not work and disperse raw sewage into our Lakes, Rivers, and Seas, thus causing pollution by not treating it properly because of faulty/bad design. I also object to siting this proposed plant in Clonshaugh as not enough thought or consideration was put into it and local residents were not consulted on the matter, the original proposed site was Donabate. This entire proposal was not thought out properly or given the due respect and diligence a project of this importance deserves.

Kind regards,

Eamonn Hart.
