Re: Greater Dublin Drainage Project consisting of a new wastewater treatment plant, sludge hub centre, orbital sewer, outfall pipeline and regional biosolids storage facility  
Townlands of Clonshaugh, Dubber and Newtown, County Fingal and Dublin City

Dear Sir

An Bord Pleanála has received your recent submission in relation to the above mentioned proposed development and will take it into consideration in its determination of the matter. A receipt for the fee lodged is enclosed.

The Board will revert to you in due course with regard to the matter.

Please be advised that copies of all submissions / observations received in relation to the application will be made available for public inspection at the offices of Dublin City Council and Fingal County Council and at the offices of An Bord Pleanála when they have been processed by the Board.

More detailed information in relation to strategic infrastructure development can be viewed on the Board's website: [www.pleanala.ie](http://www.pleanala.ie).

If you have any queries in the meantime please contact the undersigned officer of the Board. Please quote the above mentioned An Bord Pleanála reference number in any correspondence or telephone contact with the Board.

Yours faithfully,

  
Kieran Somers  
Executive Officer  
Direct Line: 01-8737107

LTR DATER \_\_\_\_\_ FROM \_\_\_\_\_  
PL LDG-007729-18

The Secretary, Board Pleanala.

We the undersigned wish to object to the proposed Giant Sewage Plant in Clonsillaugh due to:

06F.PC  
0152

Proximity to residential areas; the sheer scale of the plant in such a highly populated area; threat of pollution in the event of accidental discharge; threat to local amenities, schools, playing fields, Priorswood Park adjacent to the plant and only separated by the width of the N32/R139; serious threat of airborne pollution from sewage particles when the sludge from domestic and commercial septic tanks is being transferred into the plant and also when the vents are opened to release the built up gasses, the impact of having the proposed 13 tankers the day the plant opens increasing to 26 per day after the first month on local traffic; the adverse effect on fauna & flora from Clonsillaugh to Portmarnock and the danger to our marine life and beaches. The build-up of sewage due to power outages; the total disruption to our daily lives whilst such a monstrous plant is being constructed aligned with the fact that no sewage from Clonsillaugh or surrounding areas will be destined to be serviced there.
