Re: Greater Dublin Drainage Project consisting of a new wastewater treatment plant, sludge hub centre, orbital sewer, outfall pipeline and regional biosolids storage facility
Townlands of Clonshagh, Dubber and Newtown, County Fingal and Dublin City

Dear Madam

An Bord Pleanála has received your recent submission in relation to the above mentioned proposed development and will take it into consideration in its determination of the matter. A receipt for the fee lodged is enclosed.

The Board will revert to you in due course with regard to the matter.

Please be advised that copies of all submissions / observations received in relation to the application will be made available for public inspection at the offices of Dublin City Council and Fingal County Council and at the offices of An Bord Pleanála when they have been processed by the Board.

More detailed information in relation to strategic infrastructure development can be viewed on the Board's website: www.pleanala.ie.

If you have any queries in the meantime, please contact the undersigned officer of the Board. Please quote the above mentioned An Bord Pleanála reference number in any correspondence or telephone contact with the Board.

Yours faithfully,

Kieran Somers
Executive Officer
Direct Line: 01-873 7107

To whom it may concern,

We would like to object to the development of the Clonshaugh Sewage Plant as we deem it 'unsafe' and 'dangerous' to both the residents and the environment.

- We express concern that part of this substructure has been built **without** planning permission to house the ESB power station to power this plant.
- We believe that this sewage plant we have an adverse effect on property within the location of the sewage plant.
- It is also a concern as to the significant increase in traffic that will arise due to the sewage plant. This is extremely concerning as it will cause great trouble for emergency vehicles to pass through in case of an emergency
- The sewage plant will have a great impact on the four hotels within the vicinity of the proposed sewage plant
- We have great worries concerning the proposed pipeline which will run parallel to our residence and will greatly affect us if constructed
- In addition to all of this, both the construction of the proposed plant and the plant itself will create a large amount of noise pollution and will be unpleasant to look at.

Thank you,

Gregory Fitzsimons

Philomena Fitzsimons
