To whom it may concern

The proposed sewage plant mentioned above is now in the final phase of planning. I confirm that I object to the above proposed project and location. I enclose the fee of €50.00 with this letter. The objections are listed below:

List issues

over 200 users of the service along with residents and their families are upset and agitated about the proposed treatment plant. They are concerned about odour that will be released & the disruption traffic will bring. At this stage in older people's lives they deserve peace of mind and stability.

I would ask that An Bord Pleanála to review this proposal again in light of the issues and concerns highlighted.

Yours sincerely

Sharon Hogan

Consultation WITH CLONSHAUGH

19th November 2014

I note from the Public and Stakeholder Participation Report there was only one meeting held with the Clonshaugh residents and this was in the initial phase on the 19th November 2014. There have been no further meetings and we would be a major stakeholder as the plant will be positioned only 300 meters to the nearest house. The proposed site for this plant is much too close to the residential area, schools, hotels and other local amenities.

29th November 2017

Also in the Public and Stakeholder Participation Report it notes a public information evening was held on 29th November in Northern Cross for Clonshaugh residents, yet no local people seem to know anything about this. Where was the notification posted for this? How many people attended this session? Are there recorded minutes? The proposed plant will be 300 meters from nearest house. The size of the plant is 13,200 square meters, how can this be deemed best practice?
