By hand

ABP Reference: ABP - 312131-21

**Subject: Greater Dublin Drainage Project consisting of a new wastewater treatment plant, sludge hub centre, orbital sewer, outfall pipeline and regional biosolids storage facility.**

Dear Ms Reilly

We refer to your letter regarding the above application, dated 07 March 2024, and the additional information submitted to the Board at its request, in relation to the likely effects on the environment of the above-mentioned proposed development.

Uisce Éireann notes the contents of the letter and confirm that they will implement the stated requirements, in accordance with sub-section 2(b) of 37F of the Planning and Development Act 2000, as follows:

- (i) Publish in one or more newspapers a notice stating that significant additional information in relation to the said effects has been furnished to the Board, that the additional information will be available, for inspection or for purchase, at a specified place and at specified times during a specified period, and that submissions or observations in relation to the additional information may be made in writing to the Board before a specified date;
- (ii) Update the stand alone project website stating that the additional information can be downloaded; and
- (iii) Send notice of the furnishing to the Board of significant additional information and a copy of the additional information, to the planning authorities and to the prescribed bodies stating that submissions or observations in relation to the additional information may be made in writing to the Board before a specified date.

Uisce Éireann confirm that the notices will be published in the same newspapers in which notices of the original application were advertised and the additional information will be made available for inspection or purchase at the same locations at which the original application documentation was available.

We have two queries for clarification as soon as possible please, as it is proposed to publish the notices in the next two weeks.

First, we propose to note that submissions / objections can be made by those who previously made submissions without any fee being payable, and that a fee of €50 is payable by those who have not previously made a submission. Please confirm if the Board has any different view.

Date: 28 March 2024

**Subject:** Greater Dublin Drainage Project consisting of a new wastewater treatment plant, sludge hub centre, orbital sewer, outfall pipeline and regional biosolids storage facility.

Secondly, the Maritime Area Regulatory Authority will be included in the list of Prescribed Bodies as originally notified by the Board (Appendix A) to Uisce Eireann in relation to this project. If there are any additional Prescribed Bodies to be notified, please advise.

We would be obliged for a response no later than 3rd April 2024 so that we can progress with the notification without delay.

Yours sincerely,

Jillian Bolton  
Director of Operations
