Please describe the grounds of your observation (planning reasons and arguments). You can type or write them in the space below. There is **no word** limit as the box expands to fit what you write. You can also insert photographs or images in this box.

(See part 6 – Supporting materials for more information.)

The direct impact that the proposed development presents to Hazelbrook is of a significant concern to the health and safety of its residents, as outlined below:

- Traffic volume has the potential to increase to 4 – 5 times current levels based on the planned new units
- New development traffic would pass very close to a recreation green with no buffer between the access road and the green
- Poor access to public transport (at least 15 min walk on mixed roadway)
- Traffic assessment flow on Kinsealy Lane was conducted during the Covid pandemic and so cannot be said to be truly reflective of normal daily volumes
- Very poor provision of road crossing junctions for pedestrians on both Kinsealy Lane and the Back Road; the increase in traffic will make crossing these roads a hazard
- Precedent in the Malahide area for single road in/out of developments onto a main road, for example Robswall, Galtrim Grange

The proposals present a changed dynamic for the residents of Hazelbrook, and we strongly oppose this proposal.
