AN BORD PLEANÁLA

TRANSPORT (RAILWAY INFRASTRUCTURE) ACT 2001 (AS AMENDED AND SUBSTITUTED)
NOTICE OF FURTHER INFORMATION IN RELATION TO THE LIKELY EFFECTS ON THE ENVIRONMENT

Application by Córas Iompair Éireann (CIÉ) for a Railway Order for the DART+ West project

Notice of further information
In accordance with Section 41(2)(a)(ii) of the Transport (Railway Infrastructure) Act 2001 (as amended and substituted) and following a request made by An Bord Pleanála pursuant to section 41(2)(a) of the said Act, Córas Iompair Éireann (CIÉ) gives notice that further information in relation to the likely effects on the environment of the proposed railway works has been furnished to An Board Pleanála.

The further information furnished to An Bord Pleanála is contained in the document entitled 'Update to the Natura Impact Statement' dated October 2023.

The Railway Order, if granted, will authorise CIÉ to carry out railway works and all works necessary to enable the construction, operation, maintenance and improvement of the railway along an approximate 40km section of the existing railway line between Dublin City Centre and M3 Parkway Station (County Meath) and a new maintenance depot to the west of Maynooth (County Kildare). The works generally comprise, but are not limited to: construction of the new Spencer Dock Station with new public access to Mayor Street and Sheriff Street; remodelling of Connolly Station with new public access to Amiens Street via Preston Street; new rail maintenance depot to the west of Maynooth; overhead line electrification; provision of electrical substations to power the overhead line; elimination of level crossings and provision of alternatives such as new bridges for pedestrians, cyclists and vehicles; signalling and telecommunications and electrical infrastructure and buildings; new and modified track and sidings; reconstruction and modifications to some bridges to facilitate line electrification; track lowering beneath some bridges to facilitate line electrification; modification of bridge parapets and walls to ensure protection against electrification; new twin track rail line between Maynooth Station and Maynooth Depot including establishment of a new rail corridor section; establishment of temporary construction compounds; provision of temporary and permanent track access points; establishment of permanent maintenance compounds; establishment of temporary traffic management and road diversions; alterations to existing electrical supply cables crossing the railway corridor; new and realigned access routes and road junction improvements; diversion of existing utilities; provision of new drainage infrastructure; provision of flood compensation lands; provision of environmental mitigation measures; and other infrastructural modifications to facilitate the overall project.

The proposed railway works covered by the proposed Railway Order are subject to an environmental impact assessment procedure pursuant to the Act.
The Railway Order, if granted, also includes powers for CIÉ to acquire compulsorily land or rights in, under or over land or any substratum of land specified in the order; to temporarily acquire and occupy land specified in the order; to acquire easements and other rights over land specified in the order; to extinguish public and/or private rights including rights of way specified in the order; and provides for other rights over land.

Potential decisions on the Railway Order open to An Bord Pleanála
Further to consideration of the application for a Railway Order including the further information, there are a number of decision options available to An Bord Pleanála:

- The Railway Order may be approved and made;
- The Railway Order may be refused; or
- The Railway Order may be approved and made subject to such conditions, modifications, restrictions and requirements (and on such other terms) as An Bord Pleanála thinks proper and specifies in the order.

Inspection of the further information in relation to the likely effects on the environment
