

13 Shanliss Walk

Santry

Dublin

D09 C4VX

I totally oppose the development for the proposed building of 4 to 12 storey apartments comprising of 457 units at the North West corner of the Omni Shopping Centre and Santry Hall Industrial Estate for the reasons 1) These apartments will overlook my property and will be an invasion of my privacy along with all the other Shanliss residents they will also affect direct sunlight. 2) The infrastructure is not suitable and is at breaking point in Santry with serious traffic congestion and rat running. 3) There was recently 350 apartments built on the Chadwickes site and also on the former Swiss Cottage

public house site. 4) There is already immense pressure on local services in the area. 5) Apartments blocks of 12 storeys in height will negatively affect the skyline. 6) The site should be used to develop two storey residential homes and would be in keeping the surrounding area. Please note that Santry is being destroyed with applications for development of Apartments, there is enough in our area now. These apartments are towering over our houses and taking away our right to privacy and direct sunlight. I urge you to please reject this development and to put a stop to over development of that is destroying our community.

Yours

E S Kinsella
