To Whom it may concern.

In the last number of years the residents of Bantry had a peaceful march to ask the council to produce a plan for the Bantry Village area. No plan was forwarded & a number of apts blocks were built. We have arrived at the same situation again. 457 apts at Omni Shopping Centre & no plan for the area.

The building of houses or apts must not take precedence over the needs

of the people already living in the area.

You are taking the easy lazy option.

You are smothering Bantrey and people you expect to move in will cause the situation to deteriorate and eventually cause problems.

Planning for the future is what survival for future is all about. The following list is what every council/corporation should have at the top of their agenda (1) Plans for the area (2) Traffic issues, (3) Schools (4) Healthcare issues

We all need a place to live, but think outside the box.

This Machiavellian approach will effect us all in the long run.
