Sir / Madam.

We the above residents of
5 Dwyer Park, would like to lodge the
following objections to the above planning
application

1. The proposed height of the planned
apartments @ 12 stories, as we feel,
the height applied for will have
a negative effect on the skyline
along the Bray coastline

2. (A) The proposal to construct a new road from the existing schools rd across what is now designated a flood plain and (B) to raise the ground levels within the southern area of the site. as this would likely cause issues further back up the river in the event of the river flooding.

Please find enclosed the required fee

Regards
