Re: Railway (MetroLink Estuary to Charlemont via Dublin Airport) Order [2022] Estuary through Swords, Dublin Airport, Ballymun, Glasnevin and City Centre to Charlemont, Co. Dublin (Metrolink)

Dear Ms Thornton

We refer to your letter of 27 July inviting TII to make a submission on the observations received in relation to the above application and asking that we make that submission by 5.30pm on 20 September 2023. We note your subsequent approval (by letter dated 19 September) of the short extension of time we sought too today.

We are now pleased to **enclose** our response submission to the 317 observations received in relation to the application. We confirm that as requested, we have not included any additional or supplementary reports, we have confined our response to the issues raised in the observations received by the Board and have cross referenced back to the application where we considered it helpful. The response submission contains at Section 3, a summary by way of theme and geographic area of the type of observations made; at Section 4 a summary of TII's response to same on the same basis; and in Section 5, an individual response to each of the 317 submissions received.

Your letter of 19 September noted that the Board required one electronic copy and two hard copies. We **enclose** one electronic copy with this letter. Two hard copies are being produced and will be delivered to the offices of the Board tomorrow.

We note that other applicants for planning permission and railway orders have hosted their response to submissions on the project website. We would be grateful if you could provide TII with a direction in that regard if you want TII to do the same.

We look forward to hearing from you regarding the scheduling of the Oral Hearing.

Yours sincerely,

Aidan Foley,
Project Director MetroLink
