Dear Sir/Madam,

I refer to the proposed Metrolink Railway Order.

I am the owner and occupier of 5 St. Mobhi Ro. I see from the enclosed map that it will extend into the substratum of my front garden and part of my house. I object to this structure as from experience of living in London for many years it causes vibration and a rumbling sound inside the houses of some of the places where I live.

It appears from the enclosed map that the infrastructure will be under my hallway and sitting room which will affect my living experience and substantially affect the value of my property. Please take my concerns into account, thanks

Yours Sincerely,
Brendan Howley.
