FERNEY,
Orchard Lane,

Jan 16th 2023

Dear Sir/Madam.

We a family of five have lived in Orchard Lane for 50 years, most of those years as the only occupants living on the Lane.

The houses of concern for us are

THE MEWS, Orchard Lane, D06 PK50. now I believe designated as 1, Orchard Lane
And

FERNEY, Orchard Lane, D06 H3N3. now designated as 7, Orchard Lane.

The Mews is an 1846 stable dwelling. Ferney a new 2008/9 house, it has a large glass atrium set into the entire middle of the house.

As a family we tried to get the laneway taken in charge on two occasions and were rejected, so for 50 years we have been the people who have keep the lane clean and surfaced.

It is owned jointly by each new house which has been given planning permission to build on the old wooden garages belonging to houses on Ranelagh road.

We haven't any lights, sewage, electrical connects or road surface except paid for by ourselves.

Due to cost of sewage, all new builds are each taken from the main Ranelagh road sewage. That is a background.

THE MEWS is owned jointly by our 3 adult children and ourselves, they live there, the issue for us all would be disturbance to the entire structure and it's integral stability.

FERNEY. is our home for the last years of our life, we are hurtling towards 80 and have designed the house to be used as a downstairs zone with all such needs catered for , kitchen, living and bedroom areas plus bathroom.

The proposed Metrolink project will have a significant impact on our property as underground work in this part of our old age safety area, is creating anxiety for both ourselves and our family.

We strong oppose the proposal to bring the Metrolink to Charlemont on the South side. It is the wrong location for a city centre terminus.

Sincerely,

Aileen Foley
