Re: Proposed development of a Circular Economy Campus and an Integrated Waste Management Facility at the Hollywood Landfill
Hollywood Great, Nag's Head, Naul, Co. Dublin, A41 YE92

Dear Sir,

An Bord Pleanála has received your recent submission in relation to the above mentioned proposed development and will take it into consideration in its determination of the matter.

A receipt for the fee lodged is enclosed.

The Board will revert to you in due course with regard to the matter.

Please be advised that copies of all submissions / observations received in relation to the application will be made available for public inspection at the offices of Fingal County Council and at the offices of An Bord Pleanála when they have been processed by the Board.

More detailed information in relation to strategic infrastructure development can be viewed on the Board's website: www.pleanala.ie.

If you have any queries in the meantime, please contact the undersigned officer of the Board.

Re : IMS Ltd Partnership. Landfill Quarry at Hollywood Great

Dear Sir / Madam

As a local organisation we wish to object to the application by IMS for a Proposed development of a Circular Economy Campus and Integrated Waste Management Facility at the Hollywood Landfill.

Our areas of concern are as follows –

- 1) Negative impact on air quality in the locality impacting our members
- 2) Extra trucks on local rural roads and in particular passing Hedgestown school
- 3) Minimal engagement with local groups and members of our club who live in the vicinity
- 4) Predominantly the area is an agricultural area and potential contaminated water puts local produce and reputation at risk
- 5) We believe the most important and extensive groundwater aquifer in Leinster lies under the site and it surprises us that the authorities would put this at risk by granting IMS permission to take in incinerator bottom ash which is a source of leachate which is toxic.

Overall we feel it is unacceptable that An Board Pleanála would grant the operators permission to take in incinerator bottom ash from all waste incinerators which could potentially damage the underlying water table which is a huge source of water to the Fingal region and also potentially poison the local farming land.

Regards ,

Fergal Arthurs
