Refuse Permission for Planning Reference LRD6002/22-S3

A Chara,

I am writing in relation to the above planning appeal submitted by 'Raheny 3 Limited Partnership' (AKA Marlet Property Group) regarding Dublin City Council's refusal of a large-scale residential development and nursing home on park lands to the rear of St. Paul's College, Sybil Hill Road, at St. Anne's Park, Raheny, Dublin 5.

To this end, I am lodging this observation with the requisite fee of €50.

I consider the following points are grounds to uphold Dublin City Council's decision to refuse planning permission for this scheme.

- 1. The planning application is in contravention of the Judgement of Humphreys J. delivered on Friday the 7th day of May, 2021 ([2021] IEHC 303) which found that the zoning of the St Pauls playing fields is tied to its established use as a sports ground. The change of ownership from the Vincentian Order to the applicant does not change the zoned and established use.
- 2. Under the current City Development Plan (2022-2028) the land is zoned Objective Z9 Amenity/Open Space Lands/Green Network "To preserve, provide and improve recreational amenity, open space and ecosystem services", and therefore a large residential development is not permissible.
- 3. Dublin City Council refused permission for LRD6002/22-S3 on the basis of the Precautionary Principle as the "proposed development would therefore materially contravene policy GI23 three of the Dublin City Development Plan 2016 to 2022 for the protection of European sites".
- 4. The Z15 zoning previously applied to the lands (prior to 14/12/2022) was intended to protect the amenity and biodiversity use of St Pauls playing fields, but the strength of the zoning was undermined in an unforeseen way by a case taken by the Sisters of Charity against Dublin City Council [Christian v. Dublin City Council (No. 1) [2012] IEHC 163, [2012] 2 I.R. 506.] which forced an amendment to the Z15 zoning on religious and institutional lands to allow for "consideration of residential development". Subsequently, applications to build on Z15 lands in general and the St. Paul's lands in particular, have sought to utilise this 'open for consideration' clause to achieve Z1 type uses on lands that the City clearly intended to maintain for community and institutional uses. This cannot be permitted to continue.

It is notable that Dublin City Council, under the new City Development Plan, seek to protect both the letter and the spirit of the law in relation to Z15 zoning.

I quote here from the CE's report no. 261/2-22 dated 21/0/2022, page 117 "the Council have sought to strengthen the recognition and role of the city's Z15 land-bank under the Draft Plan by protecting, improving and encouraging the ongoing use and development of lands zoned Z15 in the Draft Plan for community and social infrastructure. The Council specifically recognises that institutional lands are an important community resource and should be preserved and protected as a strategic asset for the city."

- 5. The proposed development does not retain or protect the existing sporting and amenity use of the lands and therefore the development is not in compliance with either the previous Z15 zoning under the 2016-2022 City Development Plan, nor the current Z9 zoning under the 2022-2028 City Development Plan.
- 6. Despite the recent efforts of the landowners to alienate the lands, they are an established part of St Anne's Park through public use and as evidenced on maps such as the 1971 Dublin Development Plan, the Dublin Street Atlas and Guide (4th ed) 2003, the OSI Dublin Street Map 2008 and the Dublin Bay Biosphere Map.

We trust that on the assessment of this application and along with an analysis of the visual impact of the development and the level of severe dis-amenity it will cause to the adjacent properties that Dublin City Council will see fit to refuse permission for the development outright.

Yours sincerely,

Eamon and Jennifer O'Doherty, Apt. 35A, Ardilaun Court, Sybil Hill Road, Raheny, Dublin 5, D05 X4R2.
