Dear An Bord Pleanála,

My name is Patricia McFarlane
I received the Planis from the
Dart Programme office.

I was very over welcomed by it
to be honest. It is a very big
job that they are doing and I am
very sure I would not have at all
the health to cope with it, I am
62 in August Coming. [REDACTED]

[REDACTED] and having to live
through all the work they are
talking about would not do my health
any good at all [REDACTED]

[REDACTED] If there was
so much going on it would be

3

very hard to live with it.

The Trees we have are a
Life Line for us and at the moment
our road is very bad with traffic

~~not read anything about them having~~
to come down. I am hoping they
will not be touched. We will be
suffocated if this was to happen.

We will have nothing to take the
dirt out of the air. They plan to
run all the Traffic out Side our
gate. It will be like living on the
M. 50 even worse with the
Knocking down of the Bridge and
the construction work our health
will be destroyed. This is our HOME
there is no place like home but it will
be no good to us if they are allowed
to take our Health. Please do not allow
this to happen. Yours Sincerely
Patricia McFarlane.
