## PRIDE OF PLACE 2024

Mayo County Council invite expressions of interest from local community groups who wish to be nominated to the 2024 IPB Pride of Place Competition in association with Co-operation Ireland.

This annual all-island competition is run in conjunction with local authorities (North and South) and aims to recognise improvements made by local communities to create civic pride in their area. The Pride of Place Competition celebrates the efforts and endeavours of communities throughout Ireland, to make their place the best place to live. The competition focus is about people coming together to shape, change and improve the daily lives of people in their communities.

Mayo has enjoyed considerable success in the all-island competition during recent years with first place for Belcarra Community Group and Ballina Lions Club in 2020, first place for Ballina Community Clean Up in 2021 and Achill Community Tourism achieving Runner-Up in their category in 2022. The Butterfly Garden in Swinford received a Special Award in 2023

**There are thirteen categories this year under which communities can enter. They include: Main Categories:**

- |                                    |  |
|------------------------------------|--|
| 1. Population 0 - 300              | 8. Community Youth Initiative                |
| 2. Population 300 - 1000           | 9. Inclusive Communities                     |
| 3. Population 1001 - 2000          | 10. Community Wellbeing Initiative           |
| 4. Population 2001 - 5000          | 11. Community Tourism Initiative             |
| 5. Population over 5000            | 12. Age Friendly Communities                 |
| 6. Creative Communities            | 13. Urban Neighbourhoods and Housing Estates |
| 7. Climate Action and Biodiversity |  |

Based on expressions of interest received Mayo County Council will shortlist and nominate groups for Pride of Place 2024.

Groups interested in being considered for nomination are asked to apply detailing their preferred Category with a one-page typed summary (no more than 160 words) setting out their proposal to:

**Maura Murphy, POP Liaison Officer, Mayo County Council, Mayo House, Moneen, Castlebar, Co. Mayo or by emailing [murphy@mayococo.ie](mailto:murphy@mayococo.ie).**

**Summary should include:**

- A short description of location.
- Details of the area represented, or group represented.
- A short history and details of current activities.
- Maximum 160 words and should be written as a paragraph in the third person.
- No Lists, no personalities (named personages), no unexplained acronyms should be included.

One photograph: image to be reproduced at any size print ready should be supplied at a minimum 1748px x 1240px

*The Expressions of Interest will be assessed, based on the Co-Operation Ireland criteria available at [www.prideofplace.ie](http://www.prideofplace.ie).*

**Closing date for receipt of expression of interest has been extended to 4 p.m. 3rd May, 2023**

### THE SUBMISSION OF SIGNIFICANT ADDITIONAL INFORMATION IN RELATION TO A DIRECT PLANNING APPLICATION TO AN BORD PLEANÁLA IN RESPECT OF A STRATEGIC INFRASTRUCTURE DEVELOPMENT UNDER REFERENCE NUMBER ABP-317560-23 Sligo County Council - Mayo County Council

In accordance with sub-section of 2(b) of 37F of the Planning and Development Act, 2000 as amended, Mercury Renewables (Carrowleagh) Ltd. gives notice that on 21st March 2024 it furnished significant additional information in relation to the effects on the environment of the proposed development of Firlough Wind Farm and Hydrogen Plant, the subject of its application to an Bord Pleanála (Re: ABP-317560-23), and located in the townlands of Carrowleagh, Carha, Carrowmaglogh, Drumsheen, Rathreedaun, Ballyglass East, Bunynconnell West, Cloonmeen West and Lavy More County Mayo and Carraun, Knockbrack, Ballymoghany, Muingwore and Cloonkeelaun County Sligo in connection with its application in respect of its proposed development. The proposed development will consist of the following:

- Construction of 13 No. wind turbines with an overall ground to blade tip height of between 177 m and 185 m inclusive. The wind turbines will have a rotor diameter of between 149 m and 155 m inclusive and a hub height of between 102.5 m and 110.5 m inclusive.
- Construction of permanent crane hardstand areas, turbine foundations and temporary laydown/storage areas.
- Construction of new permanent internal wind farm site access roads and the upgrade of existing internal bog tracks to include passing bays and all associated drainage infrastructure.
- Development of a site drainage network for the wind farm site including sediment control systems.
- All associated underground electrical and communications cabling connecting the wind turbines to the wind farm substation.
- Construction of a permanent on-site 110 kV wind farm electrical substation including two no. control buildings with welfare facilities, all associated electrical plant and equipment, security fencing and gates, all associated underground cabling, wastewater holding tank, and all ancillary structures and works.
- All works associated with the permanent connection of the wind farm to the national electricity grid, which will be via a loop-in 110 kV underground cable, in permanent cable ducts from the proposed permanent wind farm substation in the townland of Carrowleagh, and through the townlands of Carha, Carrowmaglogh, Rathreedaun, Drumsheen and Bunynconnell West County Mayo into the existing 110 kV overhead line in the townland of Rathreedaun County Mayo, with two new 16 m high steel lattice loop-in/out masts at the connection point.
- Construction of a wind farm site temporary construction compound with associated temporary site offices, parking areas, welfare facilities and security fencing.
- Construction of a temporary construction materials storage area for use during the construction of the wind farm.
- Forestry felling to facilitate the construction and operation of the wind farm substation and any onsite forestry replanting.

- Upgrade works on the turbine delivery route to include the following to facilitate the delivery of abnormal loads and turbine component deliveries:
  - o Improvement of the N59 and L-2604-0 junction in the townland of Ballymoghany County Sligo to include for the temporary widening of it. The associated accommodation works will include the installation of new drainage pipes, the construction of a 1.2 m high concrete retaining wall and the erection of timber stock proof fencing and two agricultural gates.
  - o Localised widening of the L-2604-0 road in the townland of Cloonkeelaun County Sligo. The associated accommodation works will include the construction of a 1.2 m high concrete retaining wall and the erection of concrete post and timber rail stock proof fencing and two agricultural gates.
  - o Localised widening of the L-2604-0, L-5137-0 and L-5137-9 roads in the townlands of Ballymoghany, Muingwore and Cloonkeelaun County Sligo, and Carrowleagh County Mayo to achieve a surfaced road width of 4.5 m.
  - o Localised widening of the L-5137-9, L-5136-0 and L-6612 roads in the townlands of Carraun and Knockbrack County Sligo, and Carha and Carrowleagh County Mayo to establish passing bays.
  - o Localised road widening at the N17/N5 roundabout in the townland of Ballyglass East County Mayo.
  - o Localised road widening at the road junction with the N5 in the townland of Ballyglass East County Mayo.
  - o Alterations to the embankments at the N5 junction with the L-5339 and L-1331 roads in the townland of Cloonmeen West County Mayo.
  - o Localised road widening at the junction of the L-5339 and L-1331 in the townland of Lavy More County Mayo.
- Construction of a new wind farm site entrance off the L-5137-9 local road in the townland of Carrowleagh County Mayo with the creation of a splayed entrance to facilitate the delivery of abnormal loads and turbine component deliveries.
- Construction of a hydrogen plant and an access road to it along with upgrades to the L-6612-1 and the construction of a roundabout. The hydrogen plant includes the electrolyser building measuring 130 m by 110 m and 16 m in height, and equipment, underground water storage tanks, drainage system, constructed wetlands, hydrogen dispensing station, tube trailer parking, water treatment building, fan coolers, fire water tanks, compressors, offices and welfare facilities and all ancillary equipment.
- Construction of a permanent on-site 110 kV hydrogen plant substation including two control buildings with welfare facilities, all associated electrical plant and equipment, security fencing and gates, all associated underground cabling, wastewater

- holding tank, and all ancillary structures and works.
- Abstraction of groundwater from 2 no. boreholes in the townland of Carraun County Sligo and pumping to the proposed hydrogen plant site and all associated ancillary works.
- Construction of a hydrogen plant site temporary construction compound with associated temporary site offices, parking areas, materials storage and security fencing for use during the construction of the hydrogen plant site.
- All works associated with the permanent connection of the wind farm to the hydrogen plant comprising a 110 kV underground cable in permanent cable ducts from the proposed, permanent, wind farm substation, in the townland of Carrowleagh County Mayo and onto the townlands of Carha County Mayo, Knockbrack County Sligo and terminating in the hydrogen plant substation in the townland of Carraun County Sligo.
- Demolition of one agricultural shed and partial demolition of one agricultural shed in the townland of Carraun County Sligo to facilitate the construction of the upgraded L-6612-1 local road and roundabout.

The application is seeking a 10-year permission and, in respect of the wind farm, a 40-year operational period from the date of overall commissioning of the entire wind farm. A permanent planning permission is being sought for the grid connection, interconnector, hydrogen plant and hydrogen plant substation as these are to remain in place upon decommissioning of the wind farm. The wind farm substation will become an asset of the national grid under the management of EirGrid.

The proposed development includes activities which are subject to an Industrial Emissions License from the Environmental Protection Agency. In addition, the proposed development relates to an establishment which falls within the requirements of Directive 2012/18/EU on the control of major-accident hazards involving dangerous substances and which will be subject to regulation from the Health and Safety Authority. This application is accompanied by an Environmental Impact Assessment Report (EIAR) and a Natura Impact Statement (NIS).

The significant additional information, together with the original planning application documentation, EIAR and NIS, may be inspected free of charge or purchased (on payment of a specified fee not exceeding the reasonable cost of making a copy) during public opening hours for a period of 5 weeks commencing on the 19th of April 2024 at the following locations:

- The Offices of An Bord Pleanála, 64 Marlborough Street, Dublin 1, D01 V902.
- The Offices of Mayo County Council, Áras an Chontae, The Mall, Castlebar, County Mayo, F23 WF90.

- The Offices of Sligo County Council, County Hall, Riverside, Sligo, F91 PP44.

The significant additional information, together with the original planning application documentation, EIAR and NIS may also be viewed/downloaded on the following website: [www.firloughwindfarmplanning.com](http://www.firloughwindfarmplanning.com).

Submissions or observations in relation to the significant additional information may be made only to An Bord Pleanála (The Board), 64 Marlborough Street, Dublin 1 in writing or at [www.pleanala.ie](http://www.pleanala.ie) relating to:

- The implications of the proposed development for proper planning and sustainable development of the area.
- The likely effects on the environment of the proposed development.
- The likely significant effects of the proposed development on a European site, where applicable.

Any submissions/observations must be accompanied by a fee of €50 (except for certain prescribed bodies). There is no fee required to make a submission in relation to those parties/individuals who have already made a valid written submission to the Board regarding the application. Submissions or observations must be received by the Board no later than 5.30 p.m. on the 24th of May 2024. Submissions/observations must also include the following information:

- The name of the person making the submission or observation, the name of the person acting on his or her behalf, if any, and the address to which any correspondence relating to the application should be sent.
  - The subject matter of the submission or observation and
  - The reasons, considerations and arguments on which the submission or observation is based in full.
- Any submissions or observations which do not comply with the above requirements cannot be considered by the Board. Any enquiries relating to the significant additional information should be directed to the Strategic Infrastructure Section of An Bord Pleanála (Tel: 01 8588100).

A person may question the validity of any such decision by the Board by way of an application for judicial review, under Order 84 of the Rules of the Superior Courts (S.I. No. 15 of 1986, as amended by S.I. No. 691 of 2011) in accordance with section 50 of the Planning and Development Act, 2000, as amended. Practical information on the review mechanism can be accessed under the heading information on Legal Notices - Judicial Review Notice section of the Board's website ([www.pleanala.ie](http://www.pleanala.ie)) or on the Citizens Information Service website [www.citizensinformation.ie](http://www.citizensinformation.ie)

application is being submitted in  
accordance with the requirements  
of a Local Authority to hold an  
event under the Part XVI of the  
Planning and Development Act  
2000 (As amended). Subject to  
license, Joy In The Park will be  
taking place in Fitzgerald's Park,  
Marbury, Cork on Sunday July 21, 2024. It is a  
free, non-profit event for the  
public and it aims to provide an  
introduction to mental health  
services available in Cork, through a  
fun activity programme, featuring arts,  
music, spoken word and family  
entertainment. The anticipated  
number attending the event will be  
up to 12,000, spread throughout the  
day. The license application may  
be inspected during office hours  
at the planning department of  
Cork City Council, City Hall,  
Anglesea Street, for a period of  
5 weeks from the date of receipt of  
the application and submission or  
observation may be made to the  
planning department of Cork City  
Council within 3 weeks of the  
receipt of the application by the  
planning department at Cork City  
Council.

### Planning and Development Acts 2000 to 2022 THE SUBMISSION OF SIGNIFICANT ADDITIONAL INFORMATION IN RELATION TO A DIRECT PLANNING APPLICATION TO AN BORD PLEANALA IN RESPECT OF A STRATEGIC INFRASTRUCTURE DEVELOPMENT UNDER REFERENCE NUMBER ABP-317560-23 Sligo County Council Mayo County Council

In accordance with sub-section 2(b) of 37F of the Planning and Development Act, 2000 as amended, Mercury Renewables (Carrowleagh) Ltd, gives notice that on 21st March 2024 it furnished significant additional information in relation to the effects on the environment of the proposed development of Fifeugh Wind Farm and Hydrogen Plant, the subject of its application to an Bord Pleanála (Ra: ABP-317560-23), and located in the townlands of Carrowleagh, Carra, Carrowmaghlogh, Drumshoen, Rathredaun, Ballyglass East, Bunyconnell West, Cloonmeen West and Lavy More County Mayo and Carran, Knockbrack, Ballymoghany, Muingwore and Cloonkeelan County Sligo in connection with its application in respect of its proposed development. The proposed development will consist of the following:

- Construction of 13 No. wind turbines with an overall ground to blade tip height of between 177 m and 185 m inclusive. The wind turbines will have a rotor diameter of between 149 m and 155 m inclusive and a hub height of between 102.5 m and 110.5 m inclusive.
- Construction of permanent crane hardstand areas, turbine foundations and temporary laydown/storage areas.
- Construction of new permanent internal wind farm site access roads and the upgrade of existing internal bog tracks to include passing bays and all associated drainage infrastructure.
- Development of a site drainage network for the wind farm site including sediment control systems.
- All associated underground electrical and communications cabling connecting the wind turbines to the wind farm substation.
- Construction of a permanent on-site 110 kV wind farm electrical substation including two no. control buildings with welfare facilities, all associated electrical plant and equipment, security fencing and gates, all associated underground cabling, wastewater holding tank, and all ancillary structures and works.
- All works associated with the permanent connection of the wind farm to the national electricity grid, which will be via a loop-in 110 kV underground cable, in permanent cable ducts from the proposed permanent wind farm substation in the townland of Carrowleagh, and through the townlands of Carra, Carrowmaghlogh, Rathredaun, Drumshoen and Bunyconnell West County Mayo into the existing 110 kV overhead line in the townland of Rathredaun County Mayo, with two new 16 m high steel lattice loop-in/out masts at the connection point.
- Construction of a wind farm site temporary construction compound with associated temporary site offices, parking areas, welfare facilities and security fencing.
- Construction of a temporary construction materials storage area for use during the construction of the wind farm.
- Forestry felling to facilitate the construction and operation of the wind farm substation and any on-site forestry replanting.
- Upgrade works on the turbine delivery route to include the following to facilitate the delivery of abnormal loads and turbine component deliveries:
  - Improvement of the N59 and L-2604-0 junction in the townland of Ballymoghany County Sligo to include for the temporary widening of it. The associated accommodation works will include the installation of new drainage pipes, the construction of a 1.2 m high concrete retaining wall and the erection of timber stock proof fencing and two agricultural gates.
  - Localised widening of the L-2604-0 road in the townland of Cloonkeelan County Sligo. The associated accommodation works will include the construction of a 1.2 m high concrete retaining wall and the erection of concrete post and timber rail stock proof fencing and two agricultural gates.
  - Localised widening of the L-2604-0, L-5137-0 and L-5137-9 roads in the townlands of Ballymoghany, Muingwore and Cloonkeelan County Sligo, and Carrowleagh County Mayo to achieve a surfaced road width of 4.5 m.
  - Localised widening of the L-5137-9, L-5136-0 and L-6612 roads in the townlands of Carran and Knockbrack County Sligo, and Carra and Carrowleagh County Mayo to establish passing bays.
  - Localised road widening at the N17/N5 roundabout in the townland of Ballyglass East County Mayo.
  - Localised road widening at the road junction with the N5 in the townland of Ballyglass East County Mayo.
  - Alterations to the embankments at the N5 junction with the L-5339 and L-1331 roads in the townland of Cloonmeen West County Mayo.
  - Localised road widening at the junction of the L-5339 and L-1331 in the townland of Lavy More County Mayo.
- Construction of a new wind farm site entrance off the L-5137-9 local road in the townland of Carrowleagh County Mayo with the creation of a splayed entrance to facilitate the delivery of abnormal loads and turbine component deliveries.
- Construction of a hydrogen plant and an access road to it along with upgrades to the L-6612-1 and the construction of a roundabout. The hydrogen plant includes the electrolyser building measuring 130 m by 110 m and 16 m in height, and equipment, underground water storage tanks, drainage system, constructed wetlands, hydrogen dispersing station, tube trailer parking, water treatment building, fan coolers, fire water tanks, compressors, offices and welfare facilities and all ancillary equipment.
- Construction of a permanent on-site 110 kV hydrogen plant substation including two control buildings with welfare facilities, all associated electrical plant and equipment, security fencing and gates, all associated underground cabling, wastewater holding tank, and all ancillary structures and works.
- Abstraction of groundwater from 2 no. boreholes in the townland of Carran County Sligo and pumping to the proposed hydrogen plant site and all associated ancillary works.
- Construction of a hydrogen plant site temporary construction compound with associated temporary site offices, parking areas, materials storage and security fencing for use during the construction of the hydrogen plant site.
- All works associated with the permanent connection of the wind farm to the hydrogen plant comprising a 110 kV underground cable in permanent cable ducts from the proposed, permanent, wind farm substation, in the townland of Carrowleagh County Mayo and onto the townlands of Carra County Mayo, Knockbrack County Sligo and terminating in the hydrogen plant substation in the townland of Carran County Sligo.
- Demolition of one agricultural shed and partial demolition of one agricultural shed in the townland of Carran County Sligo to facilitate the construction of the upgraded L-6612-1 local road and roundabout.

The application is seeking a 10-year permission and, in respect of the wind farm, a 40-year operational period from the date of overall commissioning of the entire wind farm. A permanent planning permission is being sought for the grid connection interconnector, hydrogen plant and hydrogen plant substation as these are to remain in place upon decommissioning of the wind farm. The wind farm substation will become an asset of the national grid under the management of EirGrid. The proposed development includes activities which are subject to an Industrial Emissions License from the Environmental Protection Agency. In addition, the proposed development relates to an establishment which falls within the requirements of Directive 2012/18/EU on the control of major-accident hazards involving dangerous substances and which will be subject to regulation from the Health and Safety Authority. This application is accompanied by an Environmental Impact Assessment Report (EIAR) and a Natura Impact Statement (NIS). The significant additional information, together with the original planning application documentation, EIAR and NIS, may be inspected free of charge or purchased (on payment of a specified fee not exceeding the reasonable cost of making a copy) during public opening hours for a period of 5 weeks commencing on the 19th of April 2024 at the following locations:

- The Offices of An Bord Pleanála, 64 Marlborough Street, Dublin 1, D01 V902.
- The Offices of Mayo County Council, Áras an Chontae, The Mall, Castlebar, County Mayo, F23 WF90.
- The Offices of Sligo County Council, County Hall, Riverside, Sligo, F91 PP44.

The significant additional information, together with the original planning application documentation, EIAR and NIS may also be viewed/downloaded on the following website: [www.fifeughwindfarmplanning.com](http://www.fifeughwindfarmplanning.com)

Submissions or observations in relation to the significant additional information may be made only to An Bord Pleanála (The Board), 64 Marlborough Street, Dublin 1 in writing or at [www.pleanala.ie](http://www.pleanala.ie) relating to:

- The implications of the proposed development for proper planning and sustainable development of the area.
- The likely effects on the environment of the proposed development.
- The likely significant effects of the proposed development on a European site, where applicable.

Any submissions/observations must be accompanied by a fee of €50 (except for certain prescribed bodies). There is no fee required to make a submission in relation to those parties/individuals who have already made a valid written submission to the Board regarding the application. Submissions or observations must be received by the Board no later than 5.30 p.m. on the 24th of May 2024. Submissions/observations must also include the following information:

- The name of the person making the submission or observation, the name of the person acting on his or her behalf, if any, and the address to which any correspondence relating to the application should be sent.
- The subject matter of the submission or observation and
- The reasons, considerations and arguments on which the submission or observation is based in full.

Any submissions or observations which do not comply with the above requirements cannot be considered by the Board.

Any enquiries relating to the significant additional information should be directed to the Strategic Infrastructure Section of An Bord Pleanála (Tel: 01 8588100).

A person may question the validity of any such decision by the Board by way of an application for judicial review, under Order 84 of the Rules of the Superior Courts (S.I. No. 15 of 1986, as amended by S.I. No. 691 of 2011) in accordance with section 50 of the Planning and Development Act, 2000, as amended.

Practical information on the review mechanism can be accessed under the heading Information on Legal Notices – Judicial Review Notice section of the Board's website ([www.pleanala.ie](http://www.pleanala.ie)) or on the Citizens Information Service website ([www.citizensinformation.ie](http://www.citizensinformation.ie))

## CLASSIFIEDS

## PLANNING

**SLIGO COUNTY COUNCIL.** David Gallagher is applying to Sligo County Council for planning permission for the relocation of the vehicular entrance to his existing dwelling and all associated site works at Gortnahoula, Ballintrillick, Co. Sligo, F91 CR44. The Planning application may be inspected, or purchased at a fee not exceeding the reasonable cost of making a copy, at the offices of the Planning Authority during its opening hours. A submission or observation in relation to the application may be made in writing to the Planning Authority on payment of the prescribed fee, €20, within the period of 5 weeks beginning on the date of receipt by the Authority of the application, and such submissions or observations will be considered by the Planning Authority in making a decision on the application. The Planning Authority may grant permission subject to or without conditions, or may refuse to grant the application.

**SLIGO COUNTY COUNCIL.** We, Nishant Bhardwaj & Nisha John intend to apply for planning permission for development consisting of the conversion of attic to living accommodation and associated alterations to north, south and east elevations all to existing semi-detached dwelling at No. 64 Farmhill Manor, Rathedmond, Sligo. The Planning application may be inspected, or purchased at a fee not exceeding the reasonable cost of making a copy, at the offices of the Planning Authority, The Planning Office, Sligo County Council, City Hall, Quay Street, Sligo during its opening hours. A submission or observation in relation to the application may be made in writing to the Planning Authority on payment of the prescribed fee, €20, within the period of 5 weeks beginning on the date of receipt by the Authority of the application, and such submissions or observations will be considered by the Planning Authority in making a decision on the application. The Planning Authority may grant permission subject to or without conditions, or may refuse to grant the application.

**SLIGO COUNTY COUNCIL.** We, Derfal Ltd, intend to apply for revisions to previously granted planning permission PL 23/60157 for development at the site of Sligo Junction Filling Station, Rathfriland, Collooney, Co. Sligo. The revisions to the previously granted planning permission comprise the following: a) Additional 1st floor plantroom circa 139sqm b) New entrance porch circa 4sqm c) Elevational changes including incorporation of proposed covered external seating area into building. d) Changes to site layout including proposed external covered walkways and canopies redesign of carwash bays and relocation of external self-service launderette machines. and associated site works. The Planning application may be inspected or purchased at a fee not exceeding the Reasonable cost of making a copy, at the offices of the Planning Authority during its opening hours. A submission or observation in relation to the application may be made in writing to the Planning Authority on payment of the prescribed fee, €20, within the period of 5 weeks beginning on the date of receipt by the Authority of the application, and such submissions or observations will be considered by the Planning Authority in making a decision on the application. The Planning Authority may grant permission subject to or without conditions, or may refuse to grant the application.

## PLANNING

**SLIGO COUNTY COUNCIL.** I, Kevin Meehan, intend to apply for Planning Permission to construct a domestic garage on site, together with all ancillary site works and services at Keenaghan, Ballymote, Co. Sligo. The planning application may be inspected, or purchased at a fee not exceeding the reasonable cost of making a copy, at the offices of the planning authority during its public opening hours. A submission or observation in relation to the application may be made in writing to the planning authority on payment of the prescribed fee, €20, within the period of 5 weeks beginning on the date of receipt by the authority of the application, and such submissions or observations will be considered by the planning authority in making a decision on the application. The planning authority may grant permission subject to or without conditions, or may refuse to grant permission. Signed: Richard Middleton. Middleton Architectural and Engineering services. Mob.086 0552118

**SLIGO COUNTY COUNCIL.** RATHOSEY, COOLANEY, COUNTY SLIGO, F56 XH56. We, Sean Meehan & Kathrin Meehan, are applying to Sligo County Council for Planning Permission for development at this site at Rathosey, Coolaney, Co. Sligo F56 XH56. The development will consist of: (1) Retention Permission for conversion of two number farm out buildings to temporary living accommodation. (2) Connection of temporary living accommodation to existing septic tank and treatment system. (3) All associated site works and landscaping. The planning application may be inspected or purchased at a fee not exceeding the reasonable cost of making a copy at the offices of the Planning Sligo County Council, City Hall, Quay Street, Sligo, F91 PP44 during the public opening hours. A Submissions or observations in relation to the application may be made in writing to the Planning Authority on payment of the prescribed fee €20-00, within the period of five weeks beginning on the date of receipt by the Planning Authority of the application and such submissions or observations will be considered by the Planning Authority in making a decision on the application. The Planning Authority may grant permission subject to or without conditions, or may refuse to grant permission.

**SLIGO COUNTY COUNCIL SITE NOTICE.** I, Keith Jacob & Sarah Corcoran, intend to apply for outline Permission for development at this site, Carrowcardin, Enniscrone, Co. Sligo. The development will consist of the construction of a dwelling house, wastewater treatment system along with any other ancillary site work attached. The planning application may be inspected, or purchased at a fee not exceeding the reasonable cost of making a copy, at the offices of the planning authority during its public opening hours. A submission or observation in relation to the application may be made in writing to the planning authority on payment of the prescribed fee, €20, within the period of 5 weeks beginning on the date of receipt by the authority of the application, and such submissions or observations will be considered by the planning authority in making a decision on the application. The planning authority may grant permission subject to or without conditions, or may refuse to grant permission.

## PLANNING

**SLIGO COUNTY COUNCIL.** We, Tommy Finan & Grainne Mitchell intend to apply for planning permission for development consisting of the conversion of attic to living accommodation and associated alterations to south and west elevations all to existing semi-detached dwelling at No. 63 Farmhill Manor, Rathedmond, Sligo. The Planning application may be inspected, or purchased at a fee not exceeding the reasonable cost of making a copy, at the offices of the Planning Authority, The Planning Office, Sligo County Council, City Hall, Quay Street, Sligo during its opening hours. A submission or observation in relation to the application may be made in writing to the Planning Authority on payment of the prescribed fee, €20, within the period of 5 weeks beginning on the date of receipt by the Authority of the application, and such submission or observations will be considered by the Planning Authority in making a decision on the application. The Planning Authority may grant permission subject to or without conditions, or may refuse to grant the application.

**SLIGO COUNTY COUNCIL.** Brid Brett intend to apply for planning permission for development at Rathcanlan, Tubercurry Co. Sligo. The development will consist of the demolition of existing agricultural shed to construct extension to existing house comprising bedroom en-suite at first floor level and entrance hall, kitchen dining, utility and living room at ground floor level. To construct a proposed agricultural storage shed for dry goods and all necessary site works. The planning application may be inspected at a fee not exceeding the reasonable cost of making a copy, at the offices of the planning authority during its public open hours. A submission or observation in relation to the application may be made in writing to the planning authority on payment of the prescribed fee, 20, within the period of 5 weeks beginning on the date of receipt by the authority of the application, and such submissions or observations will be considered by the planning authority in making a decision on the application. The planning authority may grant permission subject to or without conditions or may refuse to grant permission. Signed: SOTOPARRA architecture+design Ltd.

**SLIGO COUNTY COUNCIL.** I, Aisling Branley, intend to apply for planning permission for development consisting of the conversion of attic to living accommodation and associated alterations to north and east elevations all to existing semi-detached dwelling at No. 3 Farmhill Manor, Rathedmond, Sligo. The Planning application may be inspected, or purchased at a fee not exceeding the reasonable cost of making a copy, at the offices of the Planning Authority, The Planning Office, Sligo County Council, City Hall, Quay Street, Sligo during its opening hours. A submission or observation in relation to the application may be made in writing to the Planning Authority on payment of the prescribed fee, €20, within the period of 5 weeks beginning on the date of receipt by the Authority of the application, and such submission or observations will be considered by the Planning Authority in making a decision on the application. The Planning Authority may grant permission subject to or without conditions, or may refuse to grant the application.

Planning and Development Acts 2000 to 2022

**THE SUBMISSION OF SIGNIFICANT ADDITIONAL INFORMATION IN RELATION TO A DIRECT PLANNING APPLICATION TO AN BORD PLEANÁLA IN RESPECT OF A STRATEGIC INFRASTRUCTURE DEVELOPMENT UNDER REFERENCE NUMBER ABP-317560-23**

Sligo County Council  
Mayo County Council

In accordance with sub-section of 2(b) of 37F of the Planning and Development Act, 2000 as amended, Mercury Renewables (Carrowleagh) Ltd. gives notice that on 21st March 2024 it furnished significant additional information in relation to the effects on the environment of the proposed development of Firlough Wind Farm and Hydrogen Plant, the subject of its application to an Bord Pleanála (Re: ABP-317560-23), and located in the townlands of Carrowleagh, Carha, Carrowmaglogh, Drumsheen, Rathredaun, Ballyglass East, Bunnyconnellan West, Cloonmeen West and Lavy More County Mayo and Carraun, Knockbrack, Ballymoghany, Muingwore and Cloonkeelaun County Sligo in connection with its application in respect of its proposed development.

The proposed development will consist of the following:

- Construction of 13 No. wind turbines with an overall ground to blade tip height of between 177 m and 185 m inclusive. The wind turbines will have a rotor diameter of between 149 m and 155 m inclusive and a hub height of between 102.5 m and 110.5 m inclusive.
- Construction of permanent crane hardstand areas, turbine foundations and temporary laydown/storage areas.
- Construction of new permanent internal wind farm site access roads and the upgrade of existing internal bog tracks to include passing bays and all associated drainage infrastructure.
- Development of a site drainage network for the wind farm site including sediment control systems.
- All associated underground electrical and communications cabling connecting the wind turbines to the wind farm substation.
- Construction of a permanent on-site 110 kV wind farm electrical substation including two no. control buildings with welfare facilities, all associated electrical plant and equipment, security fencing and gates, all associated underground cabling, wastewater holding tank, and all ancillary structures and works.
- All works associated with the permanent connection of the wind farm to the national electricity grid, which will be via a loop-in 110 kV underground cable, in permanent cable ducts from the proposed permanent wind farm substation in the townland of Carrowleagh, and through the townlands of Carha, Carrowmaglogh, Rathredaun, Drumsheen and Bunnyconnellan West County Mayo into the existing 110 kV overhead line in the townland of Rathredaun County Mayo, with two new 16 m high steel lattice loop-in/out masts at the connection point.
- Construction of a wind farm site temporary construction compound with associated temporary site offices, parking areas, welfare facilities and security fencing.
- Construction of a temporary construction materials storage area for use during the construction of the wind farm.
- Forestry felling to facilitate the construction and operation of the wind farm substation and any onsite forestry replanting.
- Upgrade works on the turbine delivery route to include the following to facilitate the delivery of abnormal loads and turbine component deliveries:
  - Improvement of the N59 and L-2604-0 junction in the townland of Ballymoghany County Sligo to include for the temporary widening of it. The associated accommodation works will include the installation of new drainage pipes, the construction of a 1.2 m high concrete retaining wall and the erection of timber stock proof fencing and two agricultural gates.
  - Localised widening of the L-2604-0 road in the townland of Cloonkeelaun County Sligo. The associated accommodation works will include the construction of a 1.2 m high concrete retaining wall and the erection of concrete post and timber rail stock proof fencing and two agricultural gates.
  - Localised widening of the L-2604-0, L-5137-0 and L-5137-9 roads in the townlands of Ballymoghany, Muingwore and Cloonkeelaun County Sligo, and Carrowleagh County Mayo to achieve a surfaced road width of 4.5 m.
  - Localised widening of the L-5137-9, L-5136-0 and L-6612 roads in the townlands of Carraun and Knockbrack County Sligo, and Carha and Carrowleagh County Mayo to establish passing bays.
  - Localised road widening at the N17/N5 roundabout in the townland of Ballyglass East County Mayo.
  - Localised road widening at the road junction with the N5 in the townland of Ballyglass East County Mayo.
  - Alterations to the embankments at the N5 junction with the L-5339 and L-1331 roads in the townland of Cloonmeen West County Mayo.
  - Localised road widening at the junction of the L-5339 and L-1331 in the townland of Lavy More County Mayo.
  - Construction of a new wind farm site entrance off the L-5137-9 local road in the townland of Carrowleagh County Mayo with the creation of a played entrance to facilitate the delivery of abnormal loads and turbine component deliveries.
  - Construction of a hydrogen plant and an access road to it along with upgrades to the L-6612-1 and the construction of a roundabout. The hydrogen plant includes the electrolyser building measuring 130 m by 110 m and 16 m in height, and equipment, underground water storage tanks, drainage system, constructed wetlands, hydrogen dispensing station, tube trailer parking, water treatment building, fin fan coolers, fire water tanks, compressors, offices and welfare facilities and all ancillary equipment.
  - Construction of a permanent on-site 110 kV hydrogen plant substation including two control buildings with welfare facilities, all associated electrical plant and equipment, security fencing and gates, all associated underground cabling, wastewater holding tank, and all ancillary structures and works.
  - Abstraction of groundwater from 2 no. boreholes in the townland of Carraun County Sligo and pumping to the proposed hydrogen plant site and all associated ancillary works.
  - Construction of a hydrogen plant site temporary construction compound with associated temporary site offices, parking areas, materials storage and security fencing for use during the construction of the hydrogen plant site.
  - All works associated with the permanent connection of the wind farm to the hydrogen plant comprising a 110 kV underground cable in permanent cable ducts from the proposed, permanent, wind farm substation, in the townland of Carrowleagh County Mayo and onto the townlands of Carha County Mayo, Knockbrack County Sligo and terminating in the hydrogen plant substation in the townland of Carraun County Sligo.
  - Demolition of one agricultural shed and partial demolition of one agricultural shed in the townland of Carraun County Sligo to facilitate the construction of the upgraded L-6612-1 local road and roundabout.

The application is seeking a 10-year permission and, in respect of the wind farm, a 40-year operational period from the date of overall commissioning of the entire wind farm. A permanent planning permission is being sought for the grid connection, interconnector, hydrogen plant and hydrogen plant substation as these are to remain in place upon decommissioning of the wind farm. The wind farm substation will become an asset of the national grid under the management of EirGrid.

The proposed development includes activities which are subject to an Industrial Emissions License from the Environmental Protection Agency. In addition, the proposed development relates to an establishment which falls within the requirements of Directive 2012/18/EU on the control of major-accident hazards involving dangerous substances and which will be subject to regulation from the Health and Safety Authority. This application is accompanied by an Environmental Impact Assessment Report (EIAR) and a Natura Impact Statement (NIS).

The significant additional information, together with the original planning application documentation, EIAR and NIS, may be inspected free of charge or purchased (on payment of a specified fee not exceeding the reasonable cost of making a copy) during public opening hours for a period of 5 weeks commencing on the 19th of April 2024 at the following locations:

- The Offices of An Bord Pleanála, 64 Marlborough Street, Dublin 1, D01 V902.
- The Offices of Mayo County Council, Aras an Chontae, The Mall, Castlebar, County Mayo, F23 WF90.
- The Offices of Sligo County Council, County Hall, Riverside, Sligo, F91 PP44.

The significant additional information, together with the original planning application documentation, EIAR and NIS may also be viewed/downloaded on the following website: [www.firloughwindfarmplanning.com](http://www.firloughwindfarmplanning.com).

Submissions or observations in relation to the significant additional information may be made only to An Bord Pleanála (The Board), 64 Marlborough Street, Dublin 1 in writing or at [www.pleanala.ie](http://www.pleanala.ie) relating to:

- The implications of the proposed development for proper planning and sustainable development of the area.
- The likely effects on the environment of the proposed development.
- The likely significant effects of the proposed development on a European site, where applicable.

Any submissions/observations must be accompanied by a fee of €50 (except for certain prescribed bodies). There is no fee required to make a submission in relation to those parties/individuals who have already made a valid written submission to the Board regarding the application. Submissions or observations must be received by the Board no later than 5.30 p.m. on the 24th of May 2024. Submissions/observations must also include the following information:

- The name of the person making the submission or observation, the name of the person acting on his or her behalf, if any, and the address to which any correspondence relating to the application should be sent.
- The subject matter of the submission or observation and
- The reasons, considerations and arguments on which the submission or observation is based in full.

Any submissions or observations which do not comply with the above requirements cannot be considered by the Board. Any enquiries relating to the significant additional information should be directed to the Strategic Infrastructure Section of An Bord Pleanála (Tel: 01 8588100).

A person may question the validity of any such decision by the Board by way of an application for judicial review, under Order 84 of the Rules of the Superior Courts (S.I. No. 15 of 1986, as amended by S.I. No. 691 of 2011) in accordance with section 50 of the Planning and Development Act, 2000, as amended.

Practical information on the review mechanism can be accessed under the heading information on Legal Notices – Judicial Review Notice section of the Board's website ([www.pleanala.ie](http://www.pleanala.ie)) or on the Citizens Information Service website [www.citizensinformation.ie](http://www.citizensinformation.ie)

**APPLICATION TO AN BORD PLEANÁLA IN RESPECT OF A STRATEGIC INFRASTRUCTURE DEVELOPMENT UNDER**  
**REFERENCE NUMBER ABP-317560-23**  
**Sligo County Council**  
**Mayo County Council**

In accordance with sub-section of 2(b) of 37F of the Planning and Development Act, 2000 as amended, Mercury Renewables (Carrowleagh) Ltd. gives notice that on 21<sup>st</sup> March 2024 it furnished significant additional information in relation to the effects on the environment of the proposed development of Firlough Wind Farm and Hydrogen Plant, the subject of its application to an Bord Pleanála (Re: ABP-317560-23), and located in the townlands of Carrowleagh, Carha, Carrownaglogh, Drumsheen, Rathreedaun, Ballyglass East, Bunnyconnellan West, Cloonmeen West and Lavy More County Mayo and Carraun, Knockbrack, Ballymoghany, Muingwore and Cloonkeelaun County Sligo in connection with its application in respect of its proposed development.

The proposed development will consist of the following:

- Construction of 13 No. wind turbines with an overall ground to blade tip height of between 177 m and 185 m inclusive. The wind turbines will have a rotor diameter of between 149 m and 155 m inclusive and a hub height of between 102.5 m and 110.5 m inclusive.
- Construction of permanent crane hardstand areas, turbine foundations and temporary laydown/storage areas.
- Construction of new permanent internal wind farm site access roads and the upgrade of existing internal bog tracks to include passing bays and all associated drainage infrastructure.
- Development of a site drainage network for the wind farm site including sediment control systems.
- All associated underground electrical and communications cabling connecting the wind turbines to the wind farm substation.
- Construction of a permanent on-site 110 kV wind farm electrical substation including two no. control buildings with welfare facilities, all associated electrical plant and equipment, security fencing and gates, all associated underground cabling, wastewater holding tank, and all ancillary structures and works.
- All works associated with the permanent connection of the wind farm to the national electricity grid, which will be via a loop-in 110 kV underground cable, in permanent cable ducts from the proposed permanent wind farm substation in the townland of Carrowleagh, and through the townlands of Carha, Carrownaglogh, Rathreedaun, Drumsheen and Bunnyconnellan West County Mayo into the existing 110 kV overhead line in the townland of Rathreedaun County Mayo, with two new 16 m high steel lattice loop-in/out masts at the connection point.
- Construction of a wind farm site temporary construction compound with associated temporary site offices, parking areas, welfare facilities and security fencing.
- Construction of a temporary construction materials storage area for use during the construction of the wind farm.
- Forestry felling to facilitate the construction and operation of the wind farm substation and any onsite forestry replanting.
- Upgrade works on the turbine delivery route to include the following to facilitate the delivery of abnormal loads and turbine component deliveries:
  - Improvement of the N59 and L-2604-0 junction in the townland of Ballymoghany County Sligo to include for the temporary widening of it. The associated accommodation works will include the installation of new drainage pipes, the construction of a 1.2 m high concrete retaining wall and the erection of timber stock proof fencing and two agricultural gates.
  - Localised widening of the L-2604-0 road in the townland of Cloonkeelaun County Sligo. The associated accommodation works will include the construction of a 1.2 m high concrete retaining wall and the erection of concrete post and timber rail stock proof fencing and two agricultural gates.
  - Localised widening of the L-2604-0, L-5137-0 and L-5137-9 roads in the townlands of Ballymoghany, Muingwore and Cloonkeelaun County Sligo, and Carrowleagh County Mayo to achieve a surfaced road width of 4.5 m.
  - Localised widening of the L-5137-9, L-5136-0 and L-6612 roads in the townlands of Carraun and Knockbrack County Sligo, and Carha and Carrowleagh County Mayo to establish passing bays.
  - Localised road widening at the N17/N5 roundabout in the townland of Ballyglass East County Mayo.
  - Localised road widening at the road junction with the N5 in the townland of Ballyglass East County Mayo.
  - Alterations to the embankments at the N5 junction with the L-5339 and L-1331 roads in the townland of Cloonmeen West County Mayo.
  - Localised road widening at the junction of the L-5339 and L-1331 in the townland of Lavy More County Mayo.
- Construction of a new wind farm site entrance off the L-5137-9 local road in the townland of Carrowleagh County Mayo with the creation of a splayed entrance to facilitate the delivery of abnormal loads and turbine component deliveries.
- Construction of a hydrogen plant and an access road to it along with upgrades to the L-6612-1 and the construction of a roundabout. The hydrogen plant includes the electrolyser building measuring 130 m by 110 m and 16 m in height, and equipment, underground water storage tanks, drainage system, constructed wetlands, hydrogen dispensing station, tube trailer parking, water treatment building, fin fan coolers, fire water tanks, compressors, offices and welfare facilities and all ancillary equipment.

- Construction of a permanent on-site 110 kV hydrogen plant substation including two control buildings with welfare facilities, all associated electrical plant and equipment, security fencing and gates, all associated underground cabling, wastewater holding tank, and all ancillary structures and works.
- Abstraction of groundwater from 2 no. boreholes in the townland of Carraun County Sligo and pumping to the proposed hydrogen plant site and all associated ancillary works.
- Construction of a hydrogen plant site temporary construction compound with associated temporary site offices, parking areas, materials storage and security fencing for use during the construction of the hydrogen plant site.
- All works associated with the permanent connection of the wind farm to the hydrogen plant comprising a 110 kV underground cable in permanent cable ducts from the proposed, permanent, wind farm substation, in the townland of Carrowleagh County Mayo and onto the townlands of Carha County Mayo, Knockbrack County Sligo and terminating in the hydrogen plant substation in the townland of Carraun County Sligo.
- Demolition of one agricultural shed and partial demolition of one agricultural shed in the townland of Carraun County Sligo to facilitate the construction of the upgraded L-6612-1 local road and roundabout.

The application is seeking a 10-year permission and, in respect of the wind farm, a 40-year operational period from the date of overall commissioning of the entire wind farm. A permanent planning permission is being sought for the grid connection, interconnector, hydrogen plant and hydrogen plant substation as these are to remain in place upon decommissioning of the wind farm. The wind farm substation will become an asset of the national grid under the management of EirGrid.

The proposed development includes activities which are subject to an Industrial Emissions License from the Environmental Protection Agency. In addition, the proposed development relates to an establishment which falls within the requirements of Directive 2012/18/EU on the control of major-accident hazards involving dangerous substances and which will be subject to regulation from the Health and Safety Authority. This application is accompanied by an Environmental Impact Assessment Report (EIAR) and a Natura Impact Statement (NIS).

The significant additional information, together with the original planning application documentation, EIAR and NIS, may be inspected free of charge or purchased (on payment of a specified fee not exceeding the reasonable cost of making a copy) during public opening hours for a period of 5 weeks commencing **on the 19th of April 2024** at the following locations:

- The Offices of An Bord Pleanála, 64 Marlborough Street, Dublin 1, D01 V902.
- The Offices of Mayo County Council, Áras an Chontae, The Mall, Castlebar, County Mayo, F23 WF90.
- The Offices of Sligo County Council, County Hall, Riverside, Sligo, F91 PP44.

The significant additional information, together with the original planning application documentation, EIAR and NIS may also be viewed/downloaded on the following website: [www.firloughwindfarmplanning.com](http://www.firloughwindfarmplanning.com).

Submissions or observations in relation to the significant additional information may be made only to An Bord Pleanála (The Board), 64 Marlborough Street, Dublin 1 in writing or at [www.pleanala.ie](http://www.pleanala.ie) relating to:

- The implications of the proposed development for proper planning and sustainable development of the area.
- The likely effects on the environment of the proposed development.
- The likely significant effects of the proposed development on a European site, where applicable

Any submissions/observations must be accompanied by a fee of €50 (except for certain prescribed bodies). There is no fee required to make a submission in relation to those parties/individuals who have already made a valid written submission to the Board regarding the application. Submissions or observations must be received by the Board no later than **5.30 p.m. on the 24th of May 2024**. Submissions/observations must also include the following information:

- The name of the person making the submission or observation, the name of the person acting on his or her behalf, if any, and the address to which any correspondence relating to the application should be sent.
- The subject matter of the submission or observation and
- The reasons, considerations and arguments on which the submission or observation is based in full.

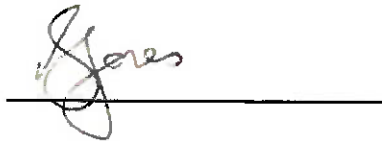

Any submissions or observations which do not comply with the above requirements cannot be considered by the Board.

Any enquiries relating to the significant additional information should be directed to the Strategic Infrastructure Section of An Bord Pleanála (Tel: 01 8588100).

A person may question the validity of any such decision by the Board by way of an application for judicial review, under Order 84 of the Rules of the Superior Courts (S.I. No. 15 of 1986, as amended by S.I. No. 691 of 2011) in accordance with section 50 of the Planning and Development Act, 2000, as amended.

Practical information on the review mechanism can be accessed under the heading information on Legal Notices – Judicial Review Notice section of the Board's website ([www.pleanala.ie](http://www.pleanala.ie)) or on the Citizens Information Service website [www.citizensinformation.ie](http://www.citizensinformation.ie)
