Bord Pleanála Case reference: PA16 ABP -317560-23

**Description**

Proposed windfarm development including 13 no. wind turbines in Bunnyconnellan, Co. Mayo & hydrogen plant in Castleconnor, Co. Sligo

**Case type**

Private Development - Application

**Parties** Mercury Renewable (Carrowleagh) Limited (Applicant)

Mercury Renewable (Carrowleagh) Limited (Active)

Further to the Response to third party submissions and observations from the applicant document I received before Christmas, I wish to add the following comments:

1. We wish to confirm that we were not invited to a meeting in Muddy Burns Pub on 25<sup>th</sup> May 2023 despite our house being referred to as HH19 on Figure 1.3 in the EIAR Hydrogen Plant Site House Locations.  
We believe that circa 80% of owners of house on figure 1.3 of the EIAR were not invited to this meeting.  
We also note that our house is omitted from figure 11.9 despite houses being counted that don't exist.
2. We have concerns that there may be shortages of water or less pressure due to usage by the applicant in the event of water shortages.
3. We are fearful that extra traffic at the staggered junction N59/ L66121/ L6611 will make our exit onto the N59 more dangerous. Also it is not clear what size of trucks or how many will be used to transport the hydrogen from the proposed site.

I request that there is an oral hearing re: this case.

I request acknowledgement of receipt of this email.

Kind regards,  
Batty and Jackie Morrisroe,
