Re: Proposed windfarm development including 13 no. wind turbines in Bunnyconnellan, Co. Mayo and hydrogen plant in Castleconnor, Co. Sligo.
Carrowleagh, Bunnyconnellan, Co. Mayo and Curraun, Castleconnor, Co. Sligo.

Dear Sir / Madam,

An Bord Pleanála has received your submission in relation to the above mentioned proposed development and will take it into consideration in its determination of the matter.

The Board will revert to you in due course in respect of this matter.

Please be advised that copies of all submissions / observations received in relation to the application will be made available for public inspection at the offices of the local authority and at the offices of An Bord Pleanála when they have been processed by the Board.

More detailed information in relation to strategic infrastructure development can be viewed on the Board's website: www.pleanala.ie.

If you have any queries in the meantime, please contact the undersigned officer of the Board or email sids@pleanala.ie quoting the above mentioned An Bord Pleanála reference number in any correspondence with the Board.

Yours faithfully,

Lauren Murphy
Executive Officer

Co. Sligo.

Dear Sir / Madam,

I would like to highlight some clarification of the following concerns that don't appear to be addressed adequately in Jennings O'Donovan Consulting Engineers response to third party submissions and observations planning application Ref! - ABP317560 - 23.

* There appears to be little to no reference on the Fresh Water Mussell and how they may be effected, the mortality of fish is mentioned, but I want the Fresh Water Mussell protected due to its rare / protected presence, Please Specify?

* The Barrow appears to be 14m from Red line boundary (S1022-26 Barrow), I can not find any reference to the removal / demolition of the existencing bungalow!

* I am concerned that the Bat Survey at Carraun was not as detailed as the one that was carried out in Kibride, I feel this requires addressing to

Safe guard the bats that frequent the area/trees in Carrara please.

- * Could you confirm Red Line Boundary, Is H111 inside the Red Line Boundary or outside it? It ~~there~~ appears to be outside boundary - map Noise-Contour for Hydrogen Plant - Fig 11.9. Further Clarity Required please
- * An Oral Hearing would be most beneficial

Leo Mulrooney.
