Dear Sir / Madam,

Issues of Concern / lack of acknowledgement of my concerns :- Jennings O'Donovan Consulting Engineers response to third party submissions and observations planning application ref: ABP 317560-23

I took the time to explain the historical importance of this area on my submission.

- Spok height, (protected and documented) on National map

- Ox Mountain, Nephin, Killala, Enniscrone, Neighbours gatherings to view those points. This has been ignored by developer. Bonfire and Focloir is vital to us.

I explained how we drive (move) Cattle over and back 'leafy hane' L66121 for generations. How will this proposed development upset and disturb my farm and practice that has occurred for generations? My livelihood and Heritage within this quiet rural residential area is unzoned to the best of my knowledge.

I will ask again will my Drivers rights be protected?

I want confirmation that my livestock will not be disturbed, unsettled or traumatised?

I would also like to look for an Oral Hearing

The proposed Roundabout entrance / exit borders my land on L66121 "Leafy Lane" and also on main N59 (Ballina / Sligo Rd) It would appear, - The applicant incorrectly states on Job no 6129 / drawing number 6129-PL-121, fig 3.8 "Existing Vegetation and obstructions on Verge to be cleared and maintained for visibility splays"

I can confirm I am the land owner, at no point have I given consent to the Applicant. I am deeply concerned as this is the border of my land, safety of my livestock and family is paramount.

I have maintained that vegetation (within protecting wildlife) all my life, I paid to have it maintained as recent as 15/1/24.

I want this false information / labelling withdrawn with immediate effect, this has been deeply distressing for me.

Furthermore, my land borders both sides of L66121, (entrance / exit @ roundabout Hyd Plant and Knockbreck L6612 entrance / exit)

- "Under control by the Applicant" is on the ledger regarding my land! Again this is incorrect, the Applicant is not in control of my land, nor was I consulted in relation to this information, that is submitted about my land. I take huge offense to this.

I own land on both sides of leafy lane L66121, I am a busy farmer and I cannot afford for my access to my fields, farmyard, and Driving Cattle to be effected or "controlled" by Applicant.

This is deeply worrying and upsetting. I have farmed this land since I was a child, my family have been here for generations.

I am now a pensioner, I want to continue to enjoy and farm my land peacefully, free from disturbance from Commercial / Industrial operations.

As a land owner on both sides of road L66121, Leafy Lane. I don't consent to my ditches / Stone walls being jeopardized. I have worked hard, to be subject to such careless consideration. I am deeply opposed to any underground cables passing my home, lands.

I have not been consulted in relation to this proposal. To the best of my knowledge, there were meetings with other local farmers, I am the closest farmer to the proposed Hyd. Plant entrance / exit, why was I isolated?

Please take these sensitive matters into your kindest consideration, I also refer to initial submission, my concerns still stand. I feel an oral hearing is required only fair, please.

Thank-you,

P. P. P. P. P.
