Strategic Infrastructure Development under Section 37E of the Planning and Development Act 2000 (As Amended) Proposed Firlough Wind Farm, Carrowleagh Td., Bunnyconnellan, Co. Mayo & Hydrogen Plant, Carraun Td., Castleconnor, Co. Sligo (Ref. No. ABP-307264-20)

Dear Sir/Madam,

I refer to the request for planning permission for the above development, details of which were received by the Irish Aviation Authority from the Council.

It is the observation of the Irish Aviation Authority that the applicant should be required to engage with Ireland West Airport to conduct a preliminary screening assessment in relation to the potential impact on instrument flight procedures and communication, navigation and surveillance equipment at Ireland West Airport.

In the event of planning consent being granted, the applicant should be conditioned to contact the Irish Aviation Authority to:

- (1) agree an aeronautical obstacle warning light scheme for the wind farm development,
- (2) provide as-constructed coordinates in WGS84 format together with ground and tip height elevations at each wind turbine location and
- (3) notify the Authority of intention to commence crane operations with at least 30 days prior notification of their erection."

Yours Sincerely,
