Re: Bus Connects Kimmage to City Centre core bus corridor scheme
Kimmage, Dublin

Dear Sir / Madam,

I have been asked by An Bord Pleanála to refer to the above-mentioned case.

In accordance with section 221(2)(a) of the Planning and Development Act 2000, as amended, it is a statutory objective of the Board to ensure that every proposed road development application received is determined within a period of 18 weeks beginning on the last date for making objections, observations or submissions.

Where it appears to the Board that it would not be possible or appropriate to determine a particular application within this period, a notice must be sent to the road authority and the persons who made submissions on the proposed road development, in accordance with section 221(3)(a) of the 2000 Act. The Board hereby serves notice under section 221(3)(a) of the 2000 Act, that it was not possible/appropriate for the Board to determine the above matter within the period of 18 weeks (i.e. by 22nd April 2024) due to a current significant backlog of cases. Due to a clerical error, notification of this was not issued to parties before the 18-week deadline had passed. The Board regrets the delay in determining this case and the delay in notifying parties of this update.

The Board intends to determine this application before 31st January 2025. The Board will take all such steps as are open to it to ensure that the matter is determined before that date.

If you have any queries in relation to the matter, please contact the undersigned officer of the Board at laps@pleanala.ie

Re: Bus Connects Kimmage to City Centre core bus corridor scheme
Kimmage, Dublin

Dear Sir / Madam,

I have been asked by An Bord Pleanála to refer to the above-mentioned case.

In accordance with section 221(2)(a) of the Planning and Development Act 2000, as amended, it is a statutory objective of the Board to ensure that every proposed road development application received is determined within a period of 18 weeks beginning on the last date for making objections, observations or submissions.

Where it appears to the Board that it would not be possible or appropriate to determine a particular application within this period, a notice must be sent to the road authority and the persons who made submissions on the proposed road development, in accordance with section 221(3)(a) of the 2000 Act. The Board hereby serves notice under section 221(3)(a) of the 2000 Act, that it was not possible/appropriate for the Board to determine the above matter within the period of 18 weeks (i.e. by 22nd April 2024) due to a current significant backlog of cases. Due to a clerical error, notification of this was not issued to parties before the 18-week deadline had passed. The Board regrets the delay in determining this case and the delay in notifying parties of this update.

The Board intends to determine this application before 31st January 2025. The Board will take all such steps as are open to it to ensure that the matter is determined before that date.

If you have any queries in relation to the matter, please contact the undersigned officer of the Board at laps@pleanala.ie

Dear Sir / Madam,

I have been asked by An Bord Pleanála to refer to the above-mentioned case.

In accordance with section 221(2)(a) of the Planning and Development Act 2000, as amended, it is a statutory objective of the Board to ensure that every proposed road development application received is determined within a period of 18 weeks beginning on the last date for making objections, observations or submissions.

Where it appears to the Board that it would not be possible or appropriate to determine a particular application within this period, a notice must be sent to the road authority and the persons who made submissions on the proposed road development, in accordance with section 221(3)(a) of the 2000 Act. The Board hereby serves notice under section 221(3)(a) of the 2000 Act, that it was not possible/appropriate for the Board to determine the above matter within the period of 18 weeks (i.e. by 22nd April 2024) due to a current significant backlog of cases. Due to a clerical error, notification of this was not issued to parties before the 18-week deadline had passed. The Board regrets the delay in determining this case and the delay in notifying parties of this update.

The Board intends to determine this application before 31st January 2025. The Board will take all such steps as are open to it to ensure that the matter is determined before that date.

If you have any queries in relation to the matter, please contact the undersigned officer of the Board at laps@pleanala.ie

Re: Bus Connects Kimmage to City Centre core bus corridor scheme
Kimmage, Dublin

Dear Sir / Madam,

I have been asked by An Bord Pleanála to refer to the above-mentioned case.

In accordance with section 221(2)(a) of the Planning and Development Act 2000, as amended, it is a statutory objective of the Board to ensure that every proposed road development application received is determined within a period of 18 weeks beginning on the last date for making objections, observations or submissions.

Where it appears to the Board that it would not be possible or appropriate to determine a particular application within this period, a notice must be sent to the road authority and the persons who made submissions on the proposed road development, in accordance with section 221(3)(a) of the 2000 Act. The Board hereby serves notice under section 221(3)(a) of the 2000 Act, that it was not possible/appropriate for the Board to determine the above matter within the period of 18 weeks (i.e. by 22nd April 2024) due to a current significant backlog of cases. Due to a clerical error, notification of this was not issued to parties before the 18-week deadline had passed. The Board regrets the delay in determining this case and the delay in notifying parties of this update.

The Board intends to determine this application before 31st January 2025. The Board will take all such steps as are open to it to ensure that the matter is determined before that date.

If you have any queries in relation to the matter, please contact the undersigned officer of the Board at laps@pleanala.ie

Dear Sir / Madam,

I have been asked by An Bord Pleanála to refer to the above-mentioned case.

In accordance with section 221(2)(a) of the Planning and Development Act 2000, as amended, it is a statutory objective of the Board to ensure that every proposed road development application received is determined within a period of 18 weeks beginning on the last date for making objections, observations or submissions.

Where it appears to the Board that it would not be possible or appropriate to determine a particular application within this period, a notice must be sent to the road authority and the persons who made submissions on the proposed road development, in accordance with section 221(3)(a) of the 2000 Act. The Board hereby serves notice under section 221(3)(a) of the 2000 Act, that it was not possible/appropriate for the Board to determine the above matter within the period of 18 weeks (i.e. by 22nd April 2024) due to a current significant backlog of cases. Due to a clerical error, notification of this was not issued to parties before the 18-week deadline had passed. The Board regrets the delay in determining this case and the delay in notifying parties of this update.

The Board intends to determine this application before 31st January 2025. The Board will take all such steps as are open to it to ensure that the matter is determined before that date.

If you have any queries in relation to the matter, please contact the undersigned officer of the Board at laps@pleanala.ie

In accordance with section 221(2)(a) of the Planning and Development Act 2000, as amended, it is a statutory objective of the Board to ensure that every proposed road development application received is determined within a period of 18 weeks beginning on the last date for making objections, observations or submissions.

Where it appears to the Board that it would not be possible or appropriate to determine a particular application within this period, a notice must be sent to the road authority and the persons who made submissions on the proposed road development, in accordance with section 221(3)(a) of the 2000 Act. The Board hereby serves notice under section 221(3)(a) of the 2000 Act, that it was not possible/appropriate for the Board to determine the above matter within the period of 18 weeks (i.e. by 22nd April 2024) due to a current significant backlog of cases. Due to a clerical error, notification of this was not issued to parties before the 18-week deadline had passed. The Board regrets the delay in determining this case and the delay in notifying parties of this update.

The Board intends to determine this application before 31st January 2025. The Board will take all such steps as are open to it to ensure that the matter is determined before that date.

Re: Bus Connects Kimmage to City Centre core bus corridor scheme
Kimmage, Dublin

Dear Sir / Madam,

I have been asked by An Bord Pleanála to refer to the above-mentioned case.

In accordance with section 221(2)(a) of the Planning and Development Act 2000, as amended, it is a statutory objective of the Board to ensure that every proposed road development application received is determined within a period of 18 weeks beginning on the last date for making objections, observations or submissions.

Where it appears to the Board that it would not be possible or appropriate to determine a particular application within this period, a notice must be sent to the road authority and the persons who made submissions on the proposed road development, in accordance with section 221(3)(a) of the 2000 Act. The Board hereby serves notice under section 221(3)(a) of the 2000 Act, that it was not possible/appropriate for the Board to determine the above matter within the period of 18 weeks (i.e. by 22nd April 2024) due to a current significant backlog of cases. Due to a clerical error, notification of this was not issued to parties before the 18-week deadline had passed. The Board regrets the delay in determining this case and the delay in notifying parties of this update.

The Board intends to determine this application before 31st January 2025. The Board will take all such steps as are open to it to ensure that the matter is determined before that date.

If you have any queries in relation to the matter, please contact the undersigned officer of the Board at laps@pleanala.ie

Re: Bus Connects Kimmage to City Centre core bus corridor scheme
Kimmage, Dublin

Dear Sir / Madam,

I have been asked by An Bord Pleanála to refer to the above-mentioned case.

In accordance with section 221(2)(a) of the Planning and Development Act 2000, as amended, it is a statutory objective of the Board to ensure that every proposed road development application received is determined within a period of 18 weeks beginning on the last date for making objections, observations or submissions.

Where it appears to the Board that it would not be possible or appropriate to determine a particular application within this period, a notice must be sent to the road authority and the persons who made submissions on the proposed road development, in accordance with section 221(3)(a) of the 2000 Act. The Board hereby serves notice under section 221(3)(a) of the 2000 Act, that it was not possible/appropriate for the Board to determine the above matter within the period of 18 weeks (i.e. by 22nd April 2024) due to a current significant backlog of cases. Due to a clerical error, notification of this was not issued to parties before the 18-week deadline had passed. The Board regrets the delay in determining this case and the delay in notifying parties of this update.

The Board intends to determine this application before 31st January 2025. The Board will take all such steps as are open to it to ensure that the matter is determined before that date.

If you have any queries in relation to the matter, please contact the undersigned officer of the Board at laps@pleanala.ie

Dear Sir / Madam,

I have been asked by An Bord Pleanála to refer to the above-mentioned case.

In accordance with section 221(2)(a) of the Planning and Development Act 2000, as amended, it is a statutory objective of the Board to ensure that every proposed road development application received is determined within a period of 18 weeks beginning on the last date for making objections, observations or submissions.

Where it appears to the Board that it would not be possible or appropriate to determine a particular application within this period, a notice must be sent to the road authority and the persons who made submissions on the proposed road development, in accordance with section 221(3)(a) of the 2000 Act. The Board hereby serves notice under section 221(3)(a) of the 2000 Act, that it was not possible/appropriate for the Board to determine the above matter within the period of 18 weeks (i.e. by 22nd April 2024) due to a current significant backlog of cases. Due to a clerical error, notification of this was not issued to parties before the 18-week deadline had passed. The Board regrets the delay in determining this case and the delay in notifying parties of this update.

The Board intends to determine this application before 31st January 2025. The Board will take all such steps as are open to it to ensure that the matter is determined before that date.
