Re: Case Number ABP-317810-23

Dear Sir,

I am in receipt of your letters of the 3rd instant enclosing copy of the further information response received by you. I am now making a submission on the response on behalf of Ralph Conroy, Niamh and Stephen Loughrey, John Briscoe, Pat Whelan and Enda and Philomena Briscoe.

The position is that the response alleges that all three stations will form a single COMAH establishment. This is totally incorrect. This is an entirely new development on a totally separate site and therefore should be dealt with on that basis. The original development clearly outlined the site to which it referred, and this proposed development is outside that area and clearly therefore is a new development separate from the existing development. All of the matters therefore which are required to be dealt with for a new development should be dealt with in this application.

Yours sincerely,

John Nash Solicitors
