Re: Application for Substitute Consent for the continuation of existing quarrying works, consisting of the extraction and grading of stone for the building industry, and all associated site development works. Drumbeagh, Mountcharles, Co. Donegal.

Dear Sir / Madam,

I have been asked by the Board to refer to the above-mentioned application.

It is a statutory objective of the Board to ensure that every application received is determined within eighteen weeks beginning on the date of receipt of that application. This is in accordance with section 126(2)(a) of the Planning and Development Act 2000 (as amended). Where it appears to the Board that it would not be possible or appropriate to determine a particular application within this period, a notice must be sent to the parties in accordance with section 126(3)(a) of the Act.

The Board hereby serves notice under section 126(3)(a) that it will not be possible to determine the case within the statutory objective period due to a current significant backlog of cases at board level. This backlog has arisen in the context of reduced capacity at Board level in the first half of 2023 due to a turnover of board personnel in that period. Capacity at board level has since been restored by appointment of new board members and the Board is now addressing the existing backlog of cases. The Board regrets the delays in determining cases.

The Board now intends to determine the above application before 30 April 2024. The Board will take all such steps as are open to it to ensure that the application is determined before that date.

Yours faithfully,

Laura Grady Lawlor
