Re: Construction of five wind turbines, meteorological mast, electricity sub station and associated site works.

Bilboa Wind Farm, land at Boolyvannanan & Coolnakisha, Bilboa, Co. Carlow

Dear Sir / Madam,

Enclosed is a copy of an appeal under the Planning and Development Act, 2000, (as amended).

As a party to the appeal under section 129 of the Planning and Development Act, 2000, (as amended), you may make submissions or observations in writing to the Board within a **period of 4 weeks** beginning on the date of this letter.

Any submissions or observations received by the Board outside of that period shall not be considered and where none have been validly received, the Board may determine the appeal without further notice to you.

Please quote the above appeal reference number in any further correspondence.

Yours faithfully,

Sinead White

Re: Planning Application for Ref 22/340 wind farm At Boolyannanan Renewable energy Ltd
.Coolnakisha, Leighlinbridge, Co Carlow.

I wish to object to the above planning application; here I will outline my reasons.

1. We have our own drilled well supplying us with fresh clean drinking water and we are extremely worried about the water level, and the risk to our health and the health of our family from the possibility of pollution to our water supply. What guarantees can be given us that this will not happen?
2. We feel it will destroy our enjoyment of the scenic views of the local rural countryside and of the scenic Ridge Drive, which is on this route. We also are very keen walkers and we feel our enjoyment of the peace and tranquillity of the area would be destroyed by the noise pollution and visual height and blade diameter of these turbines
3. Coolnakisha is a very rural countryside with plenty of forestry and with purposed to cut down 18 hectares of forestry so therefore nesting lots of wildlife e.g. rabbits, hares, foxes, nesting birds and many more such as the hen harrier, but with the large amounts of disruption by the dig and the felling of the forestry and by the heavy vehicles our wildlife will disappear.
4. This purposed wind farm is very close to homes in the area, and to date we have no commutations from the company of how far these new bigger turbines are away from our homes in the area we ask An Bord pleanala to look into this, also flight path which we often see planes and helicopter's fly low across the hill.
5. Lastly, as our residence where we have lived for many years, is situated very close to this proposed site with the height and the blades we feel our enjoyment of the peace and tranquillity of our area would be destroyed by the noise pollution and visual pollution height and blade diameter of these turbines

We are now asking An Bord pleanala to take into consideration the points we have outlined above and reject this planning application, as we feel the quality of life we are used to here in Coolnakisha would be

ruined forever and we feel it would go against the Carlow County Development Plan regarding our quality of life here in Coolnakisha.

Enclosed €220 fee for objection.

Your sincerely

Justin Hayden

To whom it may concern:

Re: Planning Application for Ref
Wind Farm at Ballyvannan Renewable
Energy Ltd, Coolnorkisla Leightlinbridge Co.

I wish to object to the above planning
permission and I will outline my objection.

1. I have lived and built my own house
here in Coolnorkisla, many years ago
and I feel the proposed Wind Farm and
the size of the blades will ruin the scenery
and the enjoyment of the area would be
disturbed by the noise of the blades
and with the amount of felling they want
to do, would be hazardous to the local wildlife
such as the nesting birds, foxes and hares.
2. I would ask An Bord Pleanála to look
into this proposed Wind Farm as I live
very near where the turbines are planning
to be built and as yet I have had
no communication with anyone from the
company telling me what the plan is.

Re: PERMISSION for development will consist of the erection of five wind turbines with turbine blade diameter of 117m and overall height to tip of 136.5m. one permanent meteorological mast, access road and internal tracks, electricity sub-station, temporary construction compound, turbine laydown area, control building, 1 borrow pit, crane hardstanding, underground cabling, up to approximately 18 hectares of forestry felling and all associated site works, with an operation lifetime of 30 years. The application is accompanied by a Planning Report, Environmental Impact Assessment, and Natura Impact Statement. at Bilboa Wind Farm, Land at Boolyvannanan & Coolnakisha, Bilboa, Co. Carlow.

Applicant: Boolyvannanan Renewable Energy Ltd.

Dear Sir/Madam,

A submission/observation in writing has been received from Justin Hayden Susan Hayden on 01/09/2023 in relation to the above planning application.

The appropriate fee of €20.00 has been paid (Official receipt number 260622 enclosed herewith)

The submission/observation is in accordance with the appropriate provisions of the Planning and Development Regulations, 2001(as amended) and will be taken into account by the Planning Authority in its determination of the Planning application.

You will be advised of the Planning Authority's decision on the above application in due course. Your letter will form part of the documentation available for inspection by the public.

Yours faithfully,

Eoin Maddock

For Senior Executive Officer

This is an important document!

Keep this document safely. You will be required to produce this acknowledgement to An Bord Pleanála if you wish to appeal the decision of the planning authority. It is the only form of evidence which will be accepted by An Bord Pleanála that a submission or observation has been made to the planning authority on the planning application.
