Re: Objection to Planning Application **318446**.

To whom it concerns,

I would like to lodge an appeal against Planning Application 318446. The reasons are outlined below

- Our County elected officials have deemed the area in the Waterford County Development Plan 2022-2028 as a no-go area for Wind turbines. To allow this application to proceed would go against the Elected officials and would be an affront to local democracy .
- Nature has been squeezed and pushed to the margins of society as Human progress has invaded and took over habitats. It now survives in pockets of places where Humans have had a minimal impact. To now invade the last pockets where biodiversity is clinging on would be to turn the area into a desert , devoid of the kind of nature that Ireland so desperately needs. It would also depopulate the last remaining population who farm and look after the land and are so important to maintaining the rituals that have worked hand in hand with nature.

Yours Sincerely,

Ed Morrissey
