Re: Strategic Infrastructure Development (SID) Planning Application to An Bord Pleanála under Section 37(E) of the Planning and Development Act 2000 (as amended) for the development of a Wind Farm consisting of 10 no. turbines (and all Associated works) in the townlands of Bleantasourmountain, Carrigbrack, Clooncogaile, Coumnagappul, Glennaneanmountain, Kileany, Kileany Mountain, Knocavanniamountain and Reanadampaun Commons, Ballymacmague North, Ballymacmague South, Colligan More, Colliganwood, Eaglehill, Garryclone, Garryduff, Kilcooney, Kildangan, Knockacaharna, Knockboy, Lackandarra Upper and Tinalira, Co. Waterford.

To whom it may concern,

The Department of Transport notes that the construction involved in providing for this development, and especially the connection cables to the national grid, may have effects on both the environment and the regional and local road network.

It is important that regular liaison occurs with the relevant Road Authorities, particularly during the construction phase and during any future maintenance works for this project, with a view to minimising the impact on the public road. This should include if a need to deviate from the detailed plans is identified.

The development should also comply with all appropriate standards and, inter alia the Guidelines for Managing Openings in Public Roads, 2017, in order to ensure orderly development.

Yours sincerely,

Liam Hawkes,

Central Policy, Coordination and Reform Division
