Re: Case Reference :APB -318573-23 A proposed Road Development comprising of the N2 Slane By-Pass and Public Realm Enhancement Scheme Slane Co Meath

Dear Sir/Madam,

The Health and Safety Authority (the Authority), acting as the Central Competent Authority under the Chemicals Act (Control of Major Accident Hazards Involving Dangerous Substances) Regulations 2015 (S.I. 209 of 2015) gives technical advice to the Planning Authority when requested, under regulation 24(2) in relation to:

- (a) the siting and development of new establishments;
- (b) modifications to establishments of the type described in Regulation 12(1);
- (c) new developments including transport routes, locations of public use and residential areas in the vicinity of establishments, where the siting, modifications or developments may be the source of, or increase the risk or consequences of, a major accident.

The above-referenced application is classed as a 'transport route' and following review of the additional information submitted to the bord on the 16th of December 2024, the Authority **'does not advice against'** the application.

If you have any queries please contact the undersigned.

Yours sincerely

Tara Horigan
