Dear Sir/Madam

This is a written observation that the construction of the proposed Incinerator will become a visual disaster in our beautiful Cork harbour and an eye soar from the Balcony at the rear of property in view, but there are wider concerns as outlined:

- Public health and air quality • Traffic and safety in Cork Harbour
- Impact on climate goals and renewable energy policy
- Visual and environmental damage to Cork Harbour
- Alternative and safer waste options are available - why are we not looking into these?

I hereby provide this too An Coimisiún Pleanála (the national planning authority)
I have paid my fee online,
Sincerely
Gavin Hesse
