## Memorandum

**ABP-319282-24**

---

**To:** Mary Tucker, SEO  
**From:** Cáit Ryan, Senior Planning Inspector  
**Re:** Letter to issue to Environmental Protection Agency  
**Date:** 31 October 2025

---

I refer to Memorandum dated 24 April 2024 on file and attached draft letter referenced therein to issue to the Environmental Protection Agency (EPA).

One amendment to the draft letter is as follows:

The draft letter states

'A copy of the environmental impact assessment report (and natura impact statement) is also available on their website'.

In this case there is no NIS on file, and the reference to '**(and natura impact statement)**' can be omitted in the letter to issue.

I have no other additional specific matters to raise in the letter to issue to the EPA.

Cáit Ryan  
Senior Planning Inspector
