11TH JUNE 2024.

Dear Sir,

Plans have been submitted to ABP again for the Shannon LNG on the land bank.

We have lived next door to this land bank for the past 22+ years. And have been promised something would be built here.

We have a family that like other families would love to work closer to home. North Kerry desperately needs investment here. This is crucial to this area.

The Shannon Land bank would be idea for the type of investment.

The Shannon regional task force report, which was endorsed by Minister Ryan and the An Taoiseach supports power plants at this site.

Could you please make this happen so we can get our families home from abroad and into local jobs again?
