Dear Sir,

I am native of the village of Tarbert in North Kerry and I want to express my strong support for this project.

I believe that this long-awaited development will provide substantial employment during construction, good permanent jobs as well as the potential for follow-on potential for further development and employment in the area.

This development is clearly in line with the Government's Climate Action plan 2024 which calls for 'at least' 2 GW of flexible gas fired electricity capacity.

It is a shame to see the potential of the Shannon Estuary and the landbank laying idle for so long. The Shannon Estuary Task Force is very supportive of this development as well.

Enclosing money order for €50.

Yours faithfully

Philip O'Connell
