Observation regarding planning application for off shore windfarm off
Skerries

Reference: 319866

We and our family have lived in Skerries for about 45years.

All our children and their families still live in Skerries.

We have been involved in different organisations involving sea activities and
have enjoyed all aspects of the sea and its surrounds.

We do support the development of wind energy but feel that this development
will have a detrimental affect on the wildlife in the area.

If visible from the shore it will ruin the scenic views currently enjoyed.

We cannot understand why it is necessary to infringe rather than move further
off-shore.

We are appealing to you to refuse this application.

Jim & Phyllis Mc Mahon
